The following rules for combating epidemics in rural as well as in urban areas are published for general information :—

RULES FOR COMBATING EPIDEMICS.

The term 'Epidemic' refers to diseases due to the specific microbes, *e.g.*, those of cholera, small-pax, plague, etc., which affect or are likely to affect a large number of people at the same time.

SECTION I—ORGANISATION, EQUIPMENT AND PROCEDURE IN RURAL AREAS.

2. *Agency invested with responsibility for action.*—The Amildars of Taluks and Deputy Amildars of Sub-Taluks, assisted by the Local Sanitary or Assistant Sanitary Inspectors, shall be responsible for the adoption of the rules prescribed hereunder for rural areas, both the general rules, rules pertaining to procedure as well as the special ones laid down under specific diseases.

3. *Prompt report of outbreaks of epidemics (a) by local officer.*—It shall be the duty of the patel or, in his absence, of the shanbhog to submit by express messenger a report to Taluk Office and another to the Medical Officer in charge of the nearest dispensary, as soon as cases of any epidemic, whether imported or indigenous, occur and, in the case of plague, immediately rat mortality is observed in the village.

4. *(b) By Amildar or Deputy Amildar.*—The Amildar or the Deputy Amildar on receipt of the report from any village, shall send immediate information (1) to the Medical Officer in charge of the nearest dispensary, (2) to the Presidents of Municipal Councils in the Taluk, (3) to the District Medical Officer, (4) to the District Sanitary Officer, (5) to the Deputy Commissioner of the District, (6) to the Amildars of adjoining taluks, and (7) to the Sanitary Commissioner.

5. *Preliminary action before arrival of Medical Officer (a) by patel.*—The patel, or, in his absence, the shanbhog, pending the arrival of superior officers, shall notify to the villagers the expediency of following the elementary Sanitary Rules (printed as an annexure to these rules) and make arrangements to see that the sanitation near the infected locality is carefully observed. These arrangements shall include the adoption as far as possible of such of the preventive measures as can be carried out without any professional assistance.

6. *(b) By Amildar or Deputy Amildar.*—If the Medical Officer or the Sanitary Inspector has not already proceeded to the village, the Amildar or the Deputy Amildar shall forthwith proceed to the village and personally see to the carrying out of disinfection and other preventive measures. He may leave the village before the arrival of a Medical Subordinate or Sanitary Inspector in case the hobli shekdar is left in the village to carry out his instructions. Special endeavour should be made to encourage and develop local initiative, by enlisting the co-operation of the Village Improvement Committees and of voluntary workers possessing influence in the villages.

7. *Form of report and frequency of submission.*—The report alluded to in the preceding paragraph should be in the following form :—

Date	Attacks	Deaths	If imported wherefrom	Nature of action	Names of Village Improvement Committees or of voluntary workers engaged in the adoption of preventive measures or affording relief
1	2	3	4	5	6

The report should be submitted by the patel daily till after a week of the occurrence of the last case of the epidemic in the village.

8. *Stock of disinfectants and medicine.*—The Deputy Commissioner and President of the District Board should see that each Taluk Office is supplied with a sufficient quantity

of disinfectants, and a sufficient number of medicine chests, the quantity and number of these articles being fixed in consultation with the Sanitary Commissioner and the Senior Surgeon respectively. Each medicine chest should contain, in the vernacular, a complete set of instructions for the use of the medicine and disinfectants. The Amildar or the Deputy Amildar will be responsible for maintaining sufficient stock of medicine and disinfectants in the taluk.

9. *Custody and issue of disinfectants and medicine.*—The stock of medicine and disinfectants should be kept in the Taluk Office but its issue will be regulated by the Local Medical Officer, who, on receipt of first information of an outbreak of an epidemic, will advise the Amildar or the Deputy Amildar as to the quantity of medicine and disinfectants that may be issued for use in the affected area. If the Medical Officer himself proceeds to the village, he shall take with him both disinfectants and required medicines. In the case of villages with a population of over 1,000, the Amildar or the Deputy Amildar should arrange to leave with the patel, or the Chairman of the Village Panchayet as the case may be, a sufficient quantity of disinfectants and a couple of medicine chests with clear written instructions for use.

10. *Application for Medical assistance and extra sanitary staff.*—If the epidemic breaks out in more than one village at the same time and the services of the Sanitary Inspector and the Medical Subordinate are otherwise fully employed, the Amildar shall apply, without loss of time, to the District Medical Officer for medical assistance and to the Deputy Commissioner for additional sanitary staff. In the meantime, suitable arrangements should be made for the adoption of preventive measures, a temporary gang for disinfection and observation work being employed, if necessary. The Presidents of Taluk Boards should arrange to train a few men in the permanent conservancy staff in the technique of disinfection so that they may be deputed for preventive duty their places being taken by the temporary gang newly employed. Similar training should be given through the Sanitary Inspectors to a few local men in all important villages.

11. *Organisation of preventive and Medical Staff.*—Should it appear to the Deputy Commissioner that any epidemic imminently threatens to spread into several villages at the same time, he should immediately organise a preventive and medical staff and place it at the disposal of the officer responsible for working these rules. The staff should be stationed in a central place in the affected area and will operate in the villages situated within a radius of five miles from such place. The apparatus, disinfectants and medicine chests required by the staff should be issued from the nearest Taluk Office, the stock being replenished whenever necessary from the same source.

12. *Personnel of the staff.*—The staff shall ordinarily consist of:—

(i) The reserve Sanitary Inspector for the district, or in case he is already posted for charge of a preventive staff constituted in some other part of the district, local Sanitary Inspector.

(ii) One mestri and a gang of temporary coolies not less than six in number, and

(iii) a Sub-Assistant Surgeon drawn from the special reserve in the Medical Department and trained in modern methods of cholera treatment.

Duties of the staff.—It will be the duty of the members of the preventive staff to obtain early information as to the cases of the epidemic occurring in the Circle, to visit every house in which a case has occurred, to thoroughly disinfect the infected house, including the floors, the walls and the furniture, with a solution of phenyle or cyllin.

The Sub-Assistant Surgeon also shall reside in a central place and be available for attendance free of charge on the sick in their own houses. The Village Improvement Committees, if any, in the area should, as early as possible, be associated with the work of the staff both preventive and medical. They should be frequently consulted, as to the course of action consistently with these rules, and their suggestions for payment of compensation, construction of temporary isolation sheds, sinking of temporary wells, duly carried out.

(*c*) other contingent charges pertaining to relief measures and
(*d*) compensation for infected, bedding and clothing destroyed.

In case of the available grant in the budget being found inadequate by reason of an unusual severity of prevalence of the disease in the district, a special grant-in-aid may be applied for through the Sanitary Commissioner.

14. *Imprest for expenditure.*—The Amildar or the Deputy Amildar as the case may be should be provided with a permanent advance of Rs. 50 for expenditure under epidemic

charges, the whole or a part of which may be given to the subordinate officer immediately responsible for working the rules, the advance being recouped from time to time by bills supported by vouchers.

15. *Final report of measures adopted.*—The Amildar or the Deputy Amildar should, fifteen days after the occurrence of the last attack in the area, submit a report on the epidemic and the action taken, to the Deputy Commissioner who will transmit the report to Government through the Sanitary Commissioner.

SECTION II.—ORGANISATION, EQUIPMENT AND PROCEDURE IN URBAN AREAS OTHER THAN CITY MUNICIPALITIES.

16. *Agency.*—The Chairmen of the Municipal Councils, assisted by the local Sanitary or Assistant Sanitary Inspector, shall be responsible for taking prompt and effective measures to prevent the spread of epidemic diseases in the Municipal areas.

17. *Information of out-break of epidemics.*—The Chairmen of the Municipal Councils should arrange to obtain the earliest possible information of cases of any epidemic occurring within the Municipal limits or within close proximity to the Municipality. Such arrangements include the formulation and the effective working of Bye-laws if necessary under the provisions contained in the Municipal Regulation for the compulsory notification of cases of illness due to epidemic diseases. It is also open to the Municipal Council to invest selected members of its regular staff with the duty of finding out and reporting the occurrence of epidemic diseases.

18. *Report to higher officers and adjoining taluks.*—On receipt of the first report of an epidemic, the Chairmen should send immediate information to:—

(i) the Medical Officer in charge of the local dispensary, if there is one, or the nearest dispensary,
(ii) the President of the Taluk Board,
(iii) the District Sanitary Officer,
(iv) the District Medical Officer,
(v) the Amildars of the adjoining Taluks,
(vi) the Deputy Commissioner of the District,
(vii) the Sanitary Commissioner in Mysore.

19. *Committee to be appointed.*—In every Municipality, a Committee should be appointed, in consultation with the Deputy Commissioner of the District, consisting of two or more of the Municipal Councillors whose duty it will be to advise and assist the Chairman in all matters relating to the epidemic disease prevention in the Municipality. The Committee will have power to associate volunteers possessing influence in the local area in the arrangements made for preventing the epidemic or affording relief to the people.

20. *Organisation of preventive staff.*—In every Municipality, a few of the permanent hands, preferably among the existing Sanitary Conservancy Staff, should be trained in the special work of disinfection and observation. When an epidemic actually breaks out or when there is reason to apprehend its outbreak, the trained men should be withdrawn from their current duties and detailed for special work, their places being taken by temporary men. The Chairman is empowered to appoint a temporary staff consisting of one peon and not more than two totis for every thousand of population, to replace the permanent men withdrawn for special duty or to augment the preventive staff whenever necessary.

21. *Powers of sanction of Presidents.*—The Chairmen are empowered to incur, within the limits of the budget provision, and on the advice of the Special Committee expenditure, on—

(*a*) the employment of temporary gangs as detailed in the preceding paragraph.
(*b*) the purchase of diet articles and country medicines.
(*c*) other contingent charges pertaining to relief measures.
(*d*) compensation for infected bedding and clothing destroyed.

In case of the available grant in the budget being found inadequate by reason of unusual severity of the prevalence of the disease, the Municipal Council may apply to the Government for a special grant-in-aid through the Sanitary Commissioner.

22. Necessary provision should be made in the budget of the Municipal Councils for epidemic charges calculated on the basis of Rs. 1,000 for every 10,000 of population.

23. *Stock of disinfectants and medicines.*—The Chairman should have, in the Municipal Stores, a sufficient quantity of disinfectants and the necessary apparatus for carrying out disinfection, the nature and the quantity of the articles to be stocked being determined in consultation with the Sanitary Commissioner. He should also obtain a few medicine chests from the Senior Surgeon and stock them for use during emergencies by the local Medical Officer, or if there is none, pending the arrival of the Medical Officer

from the nearest dispensary. Each medicine chest should contain, in the vernacular, a complete set of instructions for the use of medicines.

24. *Duties of preventive staff.*—It will be the duty of the members of the preventive staff to obtain early information as to the cases of the epidemic occurring in the Municipality, to visit every house in which cases have occurred, to thoroughly disinfect the infected house and generally to carry out all instructions issued by the Chairman on the advice of the Committee or the local Medical Officer.

25. *Permanent facilities and equipment.*—Arrangements should be made in every Municipality for the construction of sheds according to approved designs, the number of such sheds depending upon the population of the Municipality and the frequency of the prevalence of the epidemics. These sheds should be used as:—

(*a*) Health camp for the temporary occupation of the people required to vacate their own houses for disinfection purposes.

(*b*) Contact sheds.

(*c*) Isolation wards for the segregation and treatment of the sick.

Each of the three groups of sheds should of course be at some distance from one another, the isolation sheds being preferably located as near as conveniently possible to the dispensary buildings. The isolation wards should be furnished with cots, bedding and clothing and other equipment.

26. *Trend of Policy in Municipal Councils in regard to epidemic prevention.*—With a view to minimise the ravages of plague and cholera, Government expect early action being taken in every Municipality for the formation and effective working of Bye-laws relating to,

(*a*) House construction.

(*b*) Enforcement of rat-proof conditions in existing dwellings.

(*c*) The formation of well planned town extensions and the prevention of the contamination of the water-supply by fitting up pumps wherever feasible or other items that require continuous attention.

27. *Medical aid.*—It shall be the duty of the Medical Officer to arrange for the treatment of cases of epidemic diseases in Municipalities where there are no hospitals. In other cases, the local Medical Officer should render the necessary medical assistance. Should, however, the epidemic assume a serious aspect, the Chairman will apply to the District Medical Officer for extra medical aid and the latter officer should make the necessary arrangements after inspecting the locality, if necessary.

28. *Final report of measures adopted.*—The Chairman should submit, a fortnight after the epidemic has completely ceased, a detailed report of the outbreak of the epidemic and measures taken to combat it, to the Deputy Commissioner of the District and also to the Sanitary Commissioner.

The preventive staff may be continued for two weeks after the last case has occurred and then disbanded.

SECTION III—SPECIAL RULES FOR CHOLERA.

29. *Mode of spread of cholera and objects aimed at in preventive methods.*—The infection of cholera is conveyed by the microbes that exist in the excreta of persons attacked by the disease. Cholera is usually spread by persons infecting the drinking water supply, frequently also by flies infecting food and occasionally through persons who although are apparently healthy, yet harbour the microbes in their intestines. The present rules aim primarily at providing for either the immediate destruction of these microbes or for minimising the chances of their being conveyed into substances in which they will be swallowed by other persons.

30. *Occasions when special vigilence is needed.*—It shall be the duty of the local authorities to keep themselves informed of the occurrence of the cholera cases in adjoining towns and villages and to lose no time in taking precautionary measures when an outbreak is apprehended or appears imminent. Special caution should be exercised when there is a movement of large number of people to places outside the local area for purposes of attending fairs and festivals or when pilgrims pass through the town or village on their way to or from places of pilgrimage, whether the latter places be or be not actually affected with cholera at the time.

31. *Precautionary measures when an outbreak of cholera is imminent or apprehended.*—The general precautionary measures to be adopted on such occasions are:—

(*a*) Prevention as far as possible of outsiders from having access to and fouling the water-supply.

(*b*) Sinking, and temporary use, of infiltration wells in case the water-supply in the town or village is obtained from tanks and streams.

32. As a general precaution, all wells in the local area should be permanganated thoroughly once during the hot weather every year whether there is cholera or not. If pottassium permanganate is not readily available, quick lime may be used with equally good results.

33. *Disinfection of sources of water-supply.*—Immediately on an outbreak of cholera all wells in the affected area should be treated with sufficient quantity of Potassium Permanganate so as to leave a pink colour for twenty-four hours. In the absence of Potassium Permanganate, a couple of baskets of quicklime should be used for each well. The same precaution should be taken in the case of wells in the adjoining villages, though they may be uninfected.

34. During epidemic times, watchmen, preferably policemen, wherever available, should be placed near step-wells, tanks, or streams, to prevent the contamination of water by bathing or washing of clothes. In the case of draw wells, it would be well to employ a high caste man to draw water and supply it for drinking purposes to all who resort to the well.

35. *Prevention of the multiplication of flies.*—Special attention should be paid to the frequent removal of night-soil and other refuse to a distance from the town or village. The rubbish should be either buried deep or covered with a layer of quicklime to prevent the breeding of flies.

36. *Facilities to be provided to people for personal prophylaxis.*—Every house from which a cholera case is reported should be promptly supplied with—

(*a*) a solution of phenyle with instructions that the people who attend on the patient should wash their hands with it each time they touch the patient or the excreta.

(*b*) one grain packets of Potassium Permanganate for internal use in solution, by the patient as well as contacts.

37. *Segregation of patients and contacts.*—On the occurrence of a case of cholera, the people should be persuaded to send the patient to the isolation ward, if there is one and themselves remove to the Health Sheds. If facility for segregation is not in existence, it is desirable that the local authorities should arrange to put up temporary huts.

38. *Disinfection* (*a*) *of excreta.*—Great care should be taken to see that all choleraic vomit and excreta are at once collected, mixed with saw dust, paddy husk or other combustible matter, and burnt on or near the premises, if not burnt, the excreta buried deep far away from the sources of water-supply.

39. (*b*) *of effects.*—All infected material, if of no value, should be burnt, if valuable, they should be immersed in boiling water and then dried in direct sun light. Compensation claimed on account of valuables destroyed should in all cases be paid.

40. (*c*) *of the infected house.*—After a case of cholera, the house and especially the room occupied by the patient should be thoroughly disinfected with Phynile solution. All drains which discharge into the open should be flushed with the same solution.

41. In cases in which the attack of cholera proves fatal, it shall be the duty of the local authority to see that the mode of disposal of the dead body does not constitute a source of infection, special arrangements being made to ensure that the dead bodies are properly buried and away from sources of water-supply.

42. The occurrence of cholera in any place should be made known to the people who should be warned to boil all the drinking water.

SECTION IV—SPECIAL RULES FOR SMALL-POX.

43. *Prompt vaccination of unprotected children.*—As soon as a case is notified in any area, the local authority should send an urgent requisition to the Sub-Assistant Surgeon or the Taluk Vaccinator, as the case may be, to vaccinate all the unprotected children in the area. The re-vaccination of persons who have not been vaccinated for five years previously, should be encouraged as far as possible. It shall be the duty of the local authority to assist the Sub-Assistant Surgeon or the vaccinator in finding out all cases to be vaccinated.

44. *Concentration of vaccination staff wherever necessary.*—If the affected area is large such that one vaccinator cannot be expected to speedily vaccinate all the unprotected children, a report should be at once submitted to the higher authorities bringing to notice the need for employing additional vaccinators. The authority receiving the report should, if satisfied with the need for extra assistance, lose no time in posting one or more additional vaccinators withdrawing them from stations where their services are not in urgent demand.

45. *Other preventive measures.*—People should be advised to avoid going to the house infected with small-pox or freely mix with the contacts until the epidemic has

completely subsided. All houses in which small-pox cases have occurred should be disinfected by the process of desiccation.

SECTION V—SPECIAL RULES FOR PLAGUE.

46. *Prompt desiccation of infected houses.*—The infected rat-flea being the connecting link for the transmission of plague from rat to man, it is essential that prompt action should be taken, having for its object the destruction of the infected flea before it is able to convey the infection to other rats or to man. The rat-flea is easily killed by desiccation or the application of dry heat. As soon as a dead rat is observed in a house, such house along with the adjoining ones should be subjected to a process of thorough desiccation.

47. *Desiccation how carried out.*—Desiccation is simple to carry out and is done by spreading, uniformly in all parts of the house, paddy-straw, dry-leaves or other inflammable material setting fire to it. To ensure that the required degree of heat is generated, it is best that desiccation is always carried out by trained staff in towns. In the case of affected villages, an itinerant gang may be employed during seasons of plague to practically demonstrate the method to the villagers.

48. *Disinfection of grain.*—All grain infected with rat-fleas should be exposed to bright sun light for at least a couple of hours.

49. *Evacuation of infected houses.*—To facilitate desiccation, people in the houses proposed to be desiccated should be shifted with their belongings to the Health Camp if there is one or to temporary sheds specially put up for the occasion. After ten days, desiccation should be repeated in the same houses, when the people may be permitted to re-occupy the houses. Should they choose to remain in camp for some time longer, they should be required to remove to sheds of their own and make room for others that may need the special sheds.

50. *Whole-sale evacuation of houses.*—If notwithstanding disinfection, a whole-sale evacuation of a town or a village is desired by the people, it should be actively proceeded with, the necessary facilities in the shape of supply of shed materials gratis or at cost price being provided. But a thorough desiccation of the houses should invariably precede evacuation.

Once a town or village is evacuated, people should be dissuaded from opening and visiting the houses for any reason whatsoever, unless it is for reoccupation, in which latter case, the house should once again be desiccated.

51. *Inoculation and medical relief.*—The earliest possible requisition should be made on the nearest Medical Officer for (*a*) inoculation and (*b*) a medical relief. Such Medical Officer will, as far as possible attend to these measures himself and if assistance be needed, apply to the District Medical Officer. At the same time that a requisition is sent to the local Medical Officer, a copy thereof should, if the requisitioning officer be a patel, be submitted to the Amildar of the taluk.

52. Immediately the Medical Officer arrives, it shall be the duty of the local authority to co-operate with him in encouraging people to get themselves inoculated and patients to receive medical treatment.

53. *Rat destruction.*—In every town and village, attention should be directed to the destruction of rats in the off-plague season. A cheap and effective method of trapping rats will be described in the form of a pamphlet which will be issued by the Sanitary Commissioner.

SECTION VI.—PROCEDURE IN EMERGENCIES WHEN EPIDEMICS OTHER THAN CHOLERA, SMALL-POX OR PLAGUE OCCUR.

54. *Procedure when other diseases of an epidemic nature occur.*—Whenever there is a marked rise in the mortality or sickness in any town or village and the cause thereof is at the time unknown, the local authority shall have power to take such measures in consultation with and on the advice of the local Sanitary Medical Officer and incur such expenditure as may be necessary to reduce the sickness and the mortality in the town or village. These measures include organisation of staff, medical relief and provision of nourishment to the sick. In all emergencies, the local authority shall take the initiative without delay, pending instructions from the higher authorities.

(Annexure to Rule 5.)

VILLAGE SANITATION RULES.

HOW TO BE HEALTHY.

Rules which every resident in a village should endeavour to follow.

1. *Personal cleanliness.*—Keep your person and your clothes clean by bathing and washing.

Try to persuade all members of your family, and all persons over whom you have influence, to likewise keep themselves and their clothes clean.

Bedding and other unwashable materials should be frequently exposed to the sun.

2. *Water.*—Procure your supply of drinking water from pure wells or springs wherever possible.

No tanks, ponds, wells or other sources of water-supply used for drinking should be allowed to be polluted.

No leaves or other decaying matter and no dirty vessels or clothes should be allowed to come into contact with such water.

Make separate arrangements for water-supply to cattle.

Food.—Eat wholesome and easily digestible and well boiled food.

3. *Clothing.*—The dress should always be sufficient for purposes of decency, if not of comfort. In the cold weather, provide yourself with warm clothing and, in the hot weather and during the rains, with a cover for the head to protect it from the sun and rain.

4. *Healthy houses.*—Houses should be built on a high and dry site free from damp, with a proper basement. They should not be near stagnant pools or pits or wet cultivation.

There should be a sufficient number of doors and windows to allow of free ventilation.

All articles in the house should be dusted and cleaned frequently and kept in their proper places. Every nook and corner of a house should be kept scrupulously clean.

No moist substances should be allowed to rot near or in any part of the house.

5. *Cattle sheds.*—Cattle and other domestic animals should be kept in separate sheds which should be clean and dry and, as far as possible, detached from the dwelling rooms of houses.

Liquid refuse should be collected in a pit and used as manure. Manure should be deposited in pits and have earth or dry leaves spread over it once a week.

6. *Refuse, flies, etc.*—No dirt, ashes or other refuse should be allowed to collect in or near dwelling houses or thrown indiscriminately into streets and public places. They should be deposited in dust bins or other receptacles and removed at intervals.

Try to have your house and surroundings clean, in order to keep out mosquitoes, worms, insects and flies of every description.

7. *Latrines.*—Where latrines are not provided, people should go far away into the fields. No streets or public places and no places within 100 yards of a dwelling house should be allowed to be polluted. The practice of using wells or deep pits for latrines should be at once discontinued. A layer of fresh dry earth or ashes should be spread over the privy pit every time it is used.

8. *Sewage.*—No sewage should be allowed to accumulate or soak into the ground whether inside or outside the house. Where no public drains exist, the sewage should be collected in a bucket, jar or cess-pit of masonry, not more than two feet deep and removed at least once a week or as frequently as possible.

Special arrangements will be necessary to remove liquid refuse in our villages because most people are unaccustomed to handle sewage on account of caste scruples.

9. *Vacant sites.*—All lands should be kept free from damp and undergrowth within one furlong of a small village or within two furlongs of a large one.

All pits and hollows within the same limits and inside the village should be drained off or filled.

10. *Roads.*—Roads should be neatly formed with gravel or murrum or hard soil and be provided with proper side drains, constructed in stone or brick or other lasting material.

11. *Precautionary measures.*—Always sleep on a plank or bedstead, at some height above the ground and do not sleep in crowded and ill-ventilated rooms.

Never spit on the floor or on the walls of a house.

Take sufficient exercise and spend as much time as possible in the open air.

12. *Epidemic.*—Try to prevent small-pox by vaccination, plague by immediate evacuation as soon as rats begin to die, cholera by partaking only of warm food and boiled water and malaria by avoiding damp and mosquitoes. Cure malaria by quinine.

Proceedings of the Government of His Highness the Maharaja of Mysore.

No. FL. 878-923—G. F. 491-11-2, DATED BANGALORE, 20TH AUGUST 1912.

ORDER.—As there is reason to believe that sufficient facilities do not exist for bringing together persons wishing to sell and those wishing to purchase the securities appertaining to the State Loan of 1906-07, the Government are pleased to direct that the Comptroller should arrange to keep in the State Huzur Treasury a register in which should be noted all particulars including value, rate, etc., relating to the intended purchase or sale of the Mysore State Securities by any member of the public. Any one willing to purchase or sell such securities should communicate his desire to the Comptroller in the State Huzur Treasury Department with all necessary particulars whereon the necessary entries in the register aforesaid should be made. When the Comptroller finds from the entries in the register that he can accommodate an intending buyer and an intending seller, he will ask the buyer if he is willing to purchase the securities required at the rate fixed by the seller. The name and address of the seller and a brief account of his title to the paper obtained from him will also be furnished to the buyer. If he agrees and pays into the nearest treasury an amount sufficient to cover cost, interest accrued and commission, the seller will be requested to effect a suitable endorsement on the security and transmit it to the State Huzur Treasury. The security will then be transmitted to the buyer through the local treasury and the buyer will take delivery of it after examining the paper and scrutinizing the endorsements so as to be satisfied about the title. The money will afterwards be made payable to the seller from any treasury in the State according to his convenience.

2. If in any case the buyer does not take delivery of the paper, the purchase money will be refunded to him but the commission will be forfeited. The security will, in that case, be returned to the owner and the paper will be renewed, if required by him without any fee. As the Comptroller's Office will always have full information about papers and loss of which by theft, etc., will have been notified, there will be no chance of such papers passing through the State Huzur Treasury and cases of intending buyers not taking delivery of the papers must be very rare.

3. The accrued interest from the beginning of the half-year up to the date of deposit of money by the buyer will be added to the buyer to the value of the security. He will therefore, get interest on his money from the next day. The seller will have to lose interest for a few days till the sale money is actually paid to him from the treasury named by him. Against this, however, there will be the free transfer of money from one place to another.

4. A commission of $\frac{1}{16}$ per cent will be charged to the seller by the Comptroller and a similar commission to the buyer, both calculated on the face value of the security. The commission will be paid by the buyer along with the purchase money and the commission payable by the seller will be deducted by the Comptroller before the sale money is paid to the seller.

5. The rates of discount or premium at which transactions will be effected will depend on the rates at which buyers and sellers will come to agreement. Naturally sellers who offer to sell at the lowest rate will be able to sell first and similarly buyers who want to buy at the highest rate will get through their transactions most expeditiously.

J. S. CHAKRAVARTI,
Financial Secretary.

No. 12720—*L. B.* 6-18-14, *dated 2nd April* 1919.

Under Section 62 of the Local Boards and Village Panchayets Regulation, 1918, Government are pleased to make the following rules for the guidance of Village Panchayets and Taluk Boards in respect of the preparation and submission of the Panchayet budget estimates of receipts and expenditure to the Taluk Boards as required by Section 59 thereof:—

1. A Village Panchayet shall prepare the budget estimates of its receipts and expenditure under all heads in the form appended to these rules.

2. The Chairman will forward the budget estimate, after it has been passed by the Village Panchayet, to the Taluk Board so as to reach that Board punctually on or before such date as may be fixed for the purpose.

3. The budget estimate of expenditure should provide for only sanctioned charges and care should be taken that all proposals for increases or decreases of expenditure that should come into effect in the year for which the budget is prepared are as a rule fully considered and disposed of prior to the time of framing the estimates.

4. The President of the Taluk Board shall, in the first week of November, communicate to the Chairman of each Village Panchayet within the taluk, the sum, if any, proposed to be transferred from the Taluk Fund to such Village Panchayet under Section 56 (*e*). The Village Panchayet will take credit for this amount in preparing the budget.

5. The sanction of the Taluk Board is necessary for the transfer of allotments from one major head in the budget to any other major head. No formal allotment of funds is necessary for meeting a new item of expenditure from savings under the same minor head and for expenditure met from special grants for the same.

6. The need for exceeding the grant under a major head should be anticipated in time and sanction obtained for additional provision. If at the end of the year the total allotment of the year is found to have been exceeded, a special report should be submitted to the Taluk Board stating the reasons, why the excess could not be foreseen during the course of the year and sanction obtained for the admission of the excess expenditure. Trifling excess may be explained in the Administration Report.

7. Additional allotments from the balance in favour of Village Panchayets should not as a rule be sanctioned during the course of the year. The budget should be so framed as to obviate the necessity for such allotments. In cases, however, where fresh or additional expenditure cannot be provided for by special appropriations from the budget grants, Taluk Boards may sanction allotments from the balance.

8. Applications for additional grants as well as for re-appropriation of existing grants should always be submitted in time, not later than the 31st May to the Taluk Board to admit of orders on them being passed before the close of the year. After the year has closed no additional grants or re-appropriations can be sanctioned.

9. In repairing the budget care should be taken to see that the closing balance is not allowed to fall below 25 per cent of the annual normal receipts. The normal receipts for the year to which the budget appertains may be taken as the guide for this purpose.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. Such subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2 per annum will have Parts I, III, V and VI only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette*, consisting of Parts I, III, V and VI only, as directed in G. O. No. G. 12401—P. & S. 1-18-51, dated 23rd December 1918, will be supplied to the Members of the Representative Assembly during their tenure of office as such Members, Shanbhogs, Patels, Nad Patels and Shekdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time. Such subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2 per annum will have Parts I, III, V and VI only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

10. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

Those who pay Rs. 2 per annum will have Parts I, II, III and V only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

The following Resolution No. 549, dated 14th April 1919, issued by the Government of India, Home Department, regarding the agitation in British India on the passing of the Rowlatt Act, is hereby republished for general information :—

GOVERNMENT OF INDIA.

HOME DEPARTMENT.

No. 549, dated Simla, the 14th April 1919.

Resolution.—By the Government of India, Home Department.

The present situation arising out of the agitation against the Anarchical and Revolutionary Crimes Act (commonly called the Rowlatt Act), renders it imperative on the Governor-General in Council to define the attitude of Government on the subject of that agitation and the serious disorders which have resulted therefrom, and to indicate the nature of the concerted action which it is now necessary to take for the preservation of law and order.

When the Bill was under discussion, its opponents publicly stated that if it passed into law, a campaign of agitation against it, on a scale hitherto unattempted, would be organized throughout India, and a section of them indicated that they would support that campaign by resort to what is known as "passive resistance." No one cognizant of the conditions of India could have been ignorant at the time of the dangers of initiating a widespread movement of this nature; they were clearly pointed out by many public men of moderate views; and the representatives of Government did not fail, during the debates on the Bill, to emphasize the serious consequences to the public peace which would follow from an agitation such as was then threatened.

These warnings were unheeded; and to the agitation which has succeeded the passing of the Act, must be directly attributed the open breaches of the public peace, the defiance of authority, and the criminal attacks on life and property which have lately been witnessed in certain parts of India. The agitation has followed a double line of action, namely, direct criticism of the Act by means of public speeches and publications, and the initiation of the threatened movement of "passive resistance." The latter movement was ushered in by a demonstration consisting of the observance of a day of fasting, and the closing of shops and places of business. Such a demonstration was not in itself illegal; but there is ample evidence to prove that in more than one place those locally responsible for its organization overstepped the limits of lawful persuasion, and resorted to direct interference with the business of many who were not interested in the movement, and to forcible obstruction of the traffic in the public streets. But the indirect consequences of this aspect of the agitation have been far more mischievous, in that it promoted a sense of unrest and of excitement which was bound to react, and has reacted, on the more ignorant and inflammable sections of the population. The campaign of criticism has involved in many quarters the use of most flagrant misrepresentations regarding the character of the Act. It is clear that large numbers of ignorant people have been deliberately led to believe that the new law gives the police unfettered authority to interfere with public meetings not only of a political, but of a religious and social nature, and to arrest summarily persons engaged in political work, and that it empowers the executive authorities to imprison without trial any person criticising the action of Government.

The Governor-General in Council thinks it necessary to reiterate here the following salient facts concerning this Act. It is specifically directed against revolutionary and anarchical crime, and can only be brought into force in any locality when it has been proved to the satisfaction of the Governor-General in Council that such crime, or movements tending to such crime exist. It has not so far been brought into operation in any part of India. Its first part merely provides for the speedy trial of certain grave offences; in the second and third parts provision is made for preventive action (similar to, but much more restricted in scope than that now provided by the Rules under the defence of India Act) against persons suspected of revolutionary or anarchical crime. Action cannot, however, be taken against any individual without the previous order of the local Government. There is nothing therefore which can justify the widespread rumours, for which the promoters of the agitation must be held responsible, that unusual, or even extended powers have been given to the police; nor is there anything which need cause fear or apprehension to any person other than the revolutionary or the anarchist. Not only do the terms of the Act definitely exclude its use in any case not falling within the definition of anarchical or revolutionary conspiracy; but Government has given the most categorical pledge (which the Governor-General in Council takes this opportunity to reiterate) that the tenor and intention of the Act will be scrupulously safeguarded should occasion arise to put it into operation.

The Governor-General in Council considers it unnecessary to detail here the deplorable occurrences resulting from the agitation against this Act. The offences which have occurred at Delhi, Calcutta, Bombay and Lahore have one common feature, the unprovoked attempt of violent and unruly mobs to hamper or obstruct those charged with the duty of maintaining order in public places. At Amritsar and Ahmedabad they have taken a far graver form, a murderous attack on defenceless individuals, and a wholesale and wanton destruction of private and public property. The Governor-General in Council thinks it right to state that at Amritsar the loss of life might have been greater but for the protection afforded by unofficial Indians to those who were threatened by the mob, and he takes this opportunity of expressing the gratitude of Government for this conspicuous example of loyalty and humane feeling.

It remains for he Governor-General in Council to assert in the clearest manner the intention of Government to prevent by all means, however drastic, any recurrence of these excesses. He will not hesitate to employ the ample military resources at his disposal to suppress organized outrage, rioting or concerted opposition to the maintenance of law and order; and has already sanctioned the application of the State Offences Regulation, 1804, in a modified form, to certain districts of the Punjab. He will further use all preventive measures provided by the Statutes to check disorder at its source, and in Regulation III of 1818,

and the corresponding regulations applicable to Bombay and Madras, and in the rules under the Defence of India Act, he has powers which will enable him to deal effectively with those who promote disorder. He has sanctioned the extension of the provisions of the Seditious Meetings Act to the districts of Lahore and Amritsar in the Punjab, and will authorize a similar extension to other areas in which local Governments see reason to require it. The Police Act of 1861 enables a local Government to quarter additional police on any locality which is guilty of organized offences against the public peace, at the charge of the inhabitants, and to levy from the latter compensation for those who have suffered from injury to their property. The Governor-General in Council will advise local Governments to make a free use of these provisions where necessary.

The Governor-General in Council feels that many of those who inaugurated this agitation must regret the lamentable consequences which have ensued, the loss of life and property, and the damage to the reputation of India. He now appeals to all loyal subjects of the Crown, and to all those who have an interest in the maintenance of law and the protection of property, both to dissociate themselves publicly from the movement, and to exert themselves in quieting unrest and preventing disorder. To all those who render such assistance to the cause of the public and the State, and to those servants of Government who are charged with the onerous responsibility of suppressing excesses against public peace and tranquillity, the Governor-General in Council extends the fullest assurance of countenance and support.

Order.—Ordered that the Resolution be published in the Gazette of India and communicated to all Local Governments and Administrations and all Departments of the Government of India.

By Order,
C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. The English or the Kanarese portion of the *Mysore Gazette*, consisting of Parts I, II, III and V only, will be supplied to the Members of the Representative Assembly during their tenure of office as such Members, Shanbhogs, Patels, Nad Patels and Shekdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time. Such subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2 per annum will have Parts I, II, III and V only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

No. G. 26602—G. M. 223-18-2, dated 27th May 1919.

The following Press Communique dated Simla, the 2nd May 1919, issued by the Government of India in the Foreign and Political Department, regarding the arrangements made for the Haj Pilgrimage during the current season is hereby republished for the information of Moslems in the State:—

"The Government of India are glad to be able to announce that in spite of the world-wide shortage of shipping and the abnormal rise in passage rates to all destinations (which in the case of sailings from Bombay and Karachi has been enhanced by the lack of cargo), they have succeeded in making special arrangements for the provision of ample shipping, to convey pilgrims to and from the Hedjas during the current pilgrimage season at return rates not greater than those which obtained before the war.

This concession will be open to pilgrims from India and the adjacent Moslem countries, but it is not intended to benefit pilgrims from China, Java, Russia, etc.

Another privilege which the Government of India have been able to secure is a series of sailings from Karachi, where special provision has been made for the reception and comfort of pilgrims from Sind, Baluchistan, the North-west Frontier, the Punjab and the western parts of the United Provinces.

These arrangements have only been arrived at after protracted negotiations with the shipping companies and others concerned and at considerable expense. But the Government of India were determined that the Moslem community, who have borne so patiently the restrictions which war conditions inevitably imposed on the Haj, should be afforded special facilities for the performance of this religious duty now that the war is over."

By Order,
C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

EXCISE DEPARTMENT.

NOTIFICATION.

NOTICE OF SALE OF EXCISE AND OPIUM PRIVILEGES.

No. R. Dis. 96-18, dated 29th March 1919.

Notice is hereby given that the exclusive privilege of selling liquor, intoxicating drugs and opium in the several shops appointed for the purpose and published in the Schedule during the twelve months beginning 1st July 1919 and ending 30th June 1920, will be put up to public auction by Deputy Commissioners or Revenue Assistant Commissioners or District Officers of the Excise Department or other officers specially authorised by the Deputy Commissioners for the purpose, on the dates and at the Taluk or Sub-Taluk headquarters mentioned in the statement annexed, subject to the conditions hereinafter set forth. If the sales are not completed on the dates fixed, they will be continued on the next following days, close holidays excepted.

Condition of Auction Sale.

II. A deposit must be made by each bidder previous to bidding and will be received *by the selling officer on the day of sale.* A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the case of shops whose average monthly rental is very small, the selling officer may fix such other reasonable amount as he may deem fit.

III. The shops will be put up to auction in the order in which they are notified in the Schedule unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the selling officer. The rentals and the consumption of the previous three years will be notified for the information of bidders.

Note 1.—The privilege of vending toddy in any Coffee Estate or kan may be sold to the Planter or kan-holder for any fixed amount not less than Rs. 36 per shop per annum.

Note 2.—Toddy shops in alienated villages whose claims to the Excise revenue from toddy have been recognized or have not yet been settled shall invariably be sold separately, and the amounts connected therewith shall be shown in the accounts under a distinct head.

IV. Every shop should, as a rule, be sold independently. Grouping should be resorted to only under very exceptional circumstances limiting the number of shops so grouped strictly to the necessity of the occasion.

V. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

VI. No shops will be knocked down in the name of two or more persons unless they represent a duly recognized company or firm by means of a power-of-attorney. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

VII. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that it is too low or that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the Excise Regulation or Opium Act, as to render him undesirable as a holder of a license or on the ground that he is insolvent or in arrears to Government or to prevent arrangements to the detriment of Government interests, or for any other valid reason. He may also refuse any bid which he may consider to be purely speculative after recording his reasons for doing so. Village officers will not be allowed to bid for or to have any pecuniary interest in shops for the sale of intoxicants within the limits of their villages.

VIII. The shops will be knocked down to the highest bidder, but the sale will be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid unless revised by the Government on the advice of the Excise Commissioner for special reasons and will be necessary whether the sale be held by the Deputy Commissioner himself or by any officer appointed by him.

IX. In cases of dispute at the time of auction, the selling officer's decision shall be final; and if for any reason the highest bid is rejected, the next highest shall be taken or the shop resold at his discretion.

X. Shops remaining unsold at the first auction shall ordinarily be disposed of by re-auction or by tender or otherwise at the discretion of the Deputy Commissioner later on.

XI. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit* which together with the initial deposit made under condition II, will make up one month's khist for each shop. Should he fail to do so, the deposit made by him under condition II will be forfeited and the shops will be put up again immediately to auction by the selling officer on the above conditions or otherwise disposed of by the Deputy Commissioner, and the defaulter will be debarred from bidding again for the same or for any other shop. In the case of foreigners, the initial deposit together with the further deposit may be raised equal to two months' khist. Successful bidders shall be granted proper receipts for the amount deposited by them.

XII. Persons to whom shops have been knocked down and who have made deposits as provided in conditions II and XI shall leave their address with the selling officer, in order that the confirmation of the sale may be communicated to that address by a notice, and they shall also deposit* such further sum as with the former deposits will make up two months' rent. Such deposit should be paid into Taluk Treasury within seven days from the date of communication of the notice of the Deputy Commissioner's acceptance of the bid by its presentation to themselves or to any adult male members of their family at the place of the said address or by its despatch duly registered by post. They shall then *without unnecessary delay* execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and assigns.

XIII. If, on enquiry subsequent to sale, the purchaser shall found to be of doubtful solvency, or a foreigner having no sufficient property in the Mysore State, he may be required, either to deposit twice the sum prescribed in condition XII *supra*, or to get a surety, or sureties, residents of and possessing sufficient property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (Article 32 of Schedule I of the Mysore Stamp Regulation, II of 1900) and also registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000.

XIV. As soon as the sales are over, the sale conducting officer shall forward a list of successful bidders with his remarks to the Deputy Commissioner for confirmation of the sales.

XV. On the failure of any person to make deposit under condition XII or to comply with the requisition under condition XIII *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made shall be forfeited and the shop promptly be resold or otherwise disposed of at the discretion of the Deputy Commissioner.

XVI. Re-sales effected under condition XV will be at the risk of the defaulting bidder who will forfeit all gain, and, in the event of loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposits will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with the original sale.

XVII. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below though a formal license may not have been issued to him.

* Deposits may be in cash or other approved security.

XVIII. The deposit referred to in condition XII or condition XIII, as the case may be, will be taken as security for the due performance of the conditions of the license. It will be returned to the licensee after the expiry of the period of his lease and after adjustment from it of any dues payable by him to Government.

XIX. The licenses issued under the above clauses will contain the following general conditions common to all Excise and Opium licenses and the special conditions prescribed below for each particular kind :—

General Conditions applicable to all Excise and Opium Licenses.

The manufacturers of arrack and other country spirits as well as the licensees of arrack Bonded Depots are prohibited from holding any interest in the retail vend of arrack or in the vend of other intoxicants and from employing any person who has such interest.

2. The limits within which sales and possession under any Excise or Opium licenses may be carried on will be specified by the Deputy Commissioner at the time of the grant of the license. The sale or possession (except subject to the rules applicable to unlicensed persons) of liquor, intoxicating drugs or opium outside those limits is prohibited except with the special permission of the Deputy Commissioner.

3. Sales under any Excise or Opium license must be conducted in an approved building of which the whole or part must be entirely set aside for use as a depot or shop. If there are means of communications between the depot or shop and an adjoining dwelling house, they must be kept locked at night. In the case of arrack shops in Municipalities or towns having a population of 2,000 and over, the shop premises shall have no doors except into the main street; unless barred and protected, by wire netting, no windows or other openings shall be allowed to the rear or at the ends of the building; there shall be no possible means of ingress or egress in any other direction; the bar at which the sale is held shall be opposite the entrance door and so situated that all persons inside can be seen by any one passing to and fro in the street, and shall not be more than four feet raised from the ground and no second room shall be used for sale, or be kept open for customers. But intoxicating preparations made from opium other than morphia or preparations for smoking may be prepared and sold in shops licensed for the sale of opium.

5. A signboard must be affixed to the front of each shop showing the nature and number of the license under which sales are conducted there and the name of the licensee. These particulars must be legibly painted in the local vernacular. The license must be hung up in a conspicuous place within.

6. All liquor, intoxicating drugs and opium sold or kept for sale shall be of good quality undiluted and unadulterated. Nor shall a blend of different kinds of liquors be made and sold under the designation of one of them. The District Excise Officer or the Range Inspector may call for the names of all persons employed or proposed to be employed in depots, shops or groves and the District Excise Officer may forbid the sale of intoxicants or their manufacture or transport by any person whom he may disapprove.

8. The opening hour of sale will be 9-30 A.M., in the case of Arrack, Foreign Liquor and Beer shops, and sunrise in the case of other shops and depots, and the closing hour will be 8 P.M., in the case of all depots and shops. Deputy Commissioners are authorized to notify at the time of the auction sales that specified shops will be closed on the occasion of specified festivals and that the hours of sale at specified shops which are situated within a mile of a market or shandy will be limitted on market days generally or that they will be liable to limitation on such occasions by orders issued during the currency of the lease if it is found that the shops promote drunkenness. Special discretion is given to Deputy Commissioners to reduce these hours further in industrial areas by closing the shops on week days from 11-30 A.M. to 1-30 P.M., and on the afternoon of pay days and by directing the shops to keep open on Sundays only between 11-30 A.M. and 4 P.M. In the Cities of Bangalore and Mysore and in the Kolar Gold Fields, sales after 8 P.M. will be allowed in special cases under separate licenses and on payment of such fees as may be prescribed by the Excise Commissioner. Power is reserved to Deputy Commissioners on the report of Police or for other sufficient recorded reasons, to order the closure of any particular shop either in towns or in the country at 7 P.M., if they consider such a course to be advisable in the interests of the public.

9. No drunkenness, disorder or gaming shall be permitted in depots or shops. Entertainments of any kind in depots or shops are also strictly forbidden.

12. Depots and shops situated on or adjacent to the line of march must be closed, if the Deputy Commissioner so orders, while a Regiment or Detachment of European or Indian soldiers is passing or is encamped in the vicinity. Deputy Commissioners or Revenue Assistant Commissioners shall have power also to close any shops temporarily in times of religious excitement or disturbance. Every depot and shop-keeper shall on his own motion close his depot or shop when there is riot or disturbance in the neighbourhood.

13. The Deputy Commissioners may order the transfer of depots and shops from one locality to another within the limits of the same town or village or the closure of the same. But no new shops shall be opened except with the previous sanction of the Excise Commissioner.

14. 1. No occasional licenses will be issued for sale of liquor during Jatras and except in Municipal towns, existing shops, if any, will be removed to a distance of one mile from the place of Jatra during duration of the Jatra.

Nor, if the Deputy Commissioner so orders shall any agent be appointed for the management of any such privilege without his previous approval.

17. No holder of any Excise or Opium License will be allowed, without the written permission of the Excise Commissioner to possess or continue to possess any interest direct or indirect in any Excise or Opium License outside the Territories of Mysore, or in the Civil and Military Station of Bangalore.

19. No liquor, intoxicating drug or opium shall be sold in shops except for cash. The licensees shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police Officer. 24. Only such weights and measures as may from time to time be prescribed by the Excise Commissioner shall be possessed or used on any licensed premises. The possession or use of weights or measures that are incorrect on any licensed premises will render the licensee liable to punishment. In the case of toddy shops, earthen or other measures may be used provided they are of the same capacity as those of the prescribed measures which must however be maintained in all licensed premises. 28. No remission or abatement of the rent shall be claimable on any account whatever.

In the case of arrack, toddy and drug shops, this power will be exercised by Amildars and in other cases by the Deputy Commissioners.

The date of sale shall be after the 20th of the month for which the khist is due, and before the close of the month. The Deputy Commissioner may also in his discretion dispose of the privilege in any other manner. Service of notice on the defaulting licensee is dispensed with under this rule. All losses on account of suspension and re-sale or other disposal of the privilege shall be borne by the defaulting licensee, but he shall have no right to gain, if any, which accrues. The whole of the deposit, if any, made at the commencement of the lease will be liable to forfeiture at the discretion of the Deputy Commissioner who may either direct such forfeiture or appropriate the same towards the arrears due by the defaulter as well as towards the deficits, if any, arising from the re-sale or other disposal of the privilege. The officer who has power to suspend the license may, however, at his direction allow sales to continue pending re-sale or other disposal of the privilege.

NOTE.—For continuing breaches of a license, continuing fines may be imposed.

34. Any license may be forfeited and the privilege re-sold or otherwise disposed of at the risk of the licensee if the licensee be convicted before a Magistrate of any offence against the *Excise Regulation or Opium Act* or of any offence under the Indian Penal Code, which in the Deputy Commissioner's opinion renders him unfit to hold it. *The purchaser of a privilege is liable to the penalties prescribed in this condition if he is convicted of any such offence as above contemplated after the confirmation of the sale of the privilege to him though before issue of a formal license.* Forfeiture of any license under this clause shall involve forfeiture of the balance of all deposits after payment to Government of all sums due under the lease.

35. Licensees are bound to report to the Deputy Commissioner all instances which come to their knowledge of persons employed by them in the manufacture, carriage, or sale of liquor, opium and intoxicating drugs, committing breaches of the Excise or Opium Laws or of engagements entered into by them and to comply with the Deputy Commissioner's orders respecting the continued employment of such persons. No persons who have been convicted under the Indian Penal Code shall be employed in the carriage or sale of liquor, opium and intoxicating drugs without the Deputy Commissioner's previous permission.

36. Pecuniary dealings by licensees of any kind whatever with officials of the Excise Department are absolutely prohibited.

37. With the sanction of the Excise Commissioner, any license shall be revocable by the Deputy Commissioner, at his discretion on giving the licensee fifteen days' notice of such revocation, in which case a proportionate part of the fee paid will be refunded.

38. All licensees shall be bound by any additional general rules that may be prescribed under the Excise or Opium Laws and if so required by the Deputy Commissioner or any

officer authorized by him, to deliver up their licenses for amendment or for the issue of fresh ones.

39. No licensee shall have claim to any compensation or remission on account of any arrangements which may be made in regard to liquors or intoxicating drugs other than those to which his license relates.

40. No licensee of any one kind of liquor shop shall, during the term of such license, have any interest in the exclusive privilege of vending any other kind of liquors within five miles from it, nor shall he permit any person having such interest to hold any share or interest in his exclusive privilege.

41. The licensee shall be bound to take over any liquor or drug which may remain in the shop as stock in hand belonging to the outgoing licensee, whether the privilege is purchased at a re-sale or at an original sale, at the time when the privilege is made over to the former, paying the latter such compensation for the same as may be fixed by the Deputy Commissioner. Any liquor or drug that at the time of stock-taking is found to be unfit for human consumption will be destroyed and the out-going contractor is not entitled to any compensation for it.

XX. Conditions applicable to Arrack Licenses.

1. The privilege conferred by the license extends only to the sale of arrack of the strength of 35° U.P. In places where separate shops are not licensed for the sale of sugar-cane jaggory arrack, of 35° U.P. the arrack shop-keeper may be permitted to sell jaggory arrack in reputed pint or quart bottles. This privilege is however liable to be withdrawn at any time during the lease and it shall not be open to the licensee to claim any compensation on this account. But in places where both arrack and special liquor shops exist, the privilege of selling bottled jaggory arrack will be disposed of by the Deputy Commissioner by getting both the licensees to bid.

2. Arrack of the strength of 35° U.P. shall be purchased only from the Bonded Depots established by Government at the following rate per gallon :—

Duty ...	Rs. 6 for Bangalore City Rs. 5-4-0 for other places	Rs. 6-15-8 for Bangalore City and Rs. 6-3-8 for other places.
Price ...	Re. 0-15-8	

(1) The quantities purchased at one time shall not fall below one gallon of arrack. For the transport of liquor from the Bonded Depots, arrack shop-keepers should provide themselves with jars or other suitable receptacles which can be effectively closed and sealed and also arrange to get the consignments properly sealed before delivery from the Bonded Depots.

(2) The licensee shall pay the above duty, price and other charges into a Taluk Treasury or to a special shroff, if any, appointed on this behalf at the cost of Government, and located at the Taluk Cutcherry to receive such duty, price and other charges *daily*, including Sundays and holidays or to such other officer as may be appointed by the Deputy Commissioner, and shall obtain a receipt in the prescribed printed form. For this purpose a chellan book prescribed for the year will be granted to each shop-keeper free of cost in the first instance. On production of such receipt, the Bonded Depot-keeper shall issue the quantity of liquor equal to the amount of duty and price shown in the said receipt which will be forwarded to the Deputy Commissioner's office under the endorsement of the Bonded Depot-keeper aforesaid, as to the date and hour when the liquor was issued. The Depot-keeper aforesaid shall issue a permit in the prescribed form for the transport of liquor from the Bonded Depot. He shall also issue sample bottles with the consignments in such manner as may be ordered by the Excise Commissioner.

NOTE.—The licensee shall maintain intact the sample bottle issued to him by the Bonded Depot-keeper with each consignment till the bulk of the liquor in the consignment is exhausted.

(6) Arrack shop-keepers may be required by the Health Department to keep a pail of water in their shops for the purpose of washing tumblers used by consumers. Suitable arrangements shall, in this case, be made so that the vendor does not himself become the cleaner of such tumblers. A pail of water shall be kept at some distance from the counter or bar and a separate individual told off for the purpose of washing the vessels used for drinking.

(7) The licensee of every shop in the Cities of Bangalore and Mysore shall pay registration fee at the rate of Rupees (180) one hundred and eighty per annum in advance for the period of the license for his shop and he shall pay a surcharge of (4) four annas per gallon on all arrack sold by him in excess of 55 gallons a month in each such shop.

(8) No rural arrack shops will be permitted to be opened within three miles of Bangalore City and the Civil and Military Station, Bangalore. All existing shops within that zone will be shifted to new sites so as not to infringe this condition.

XXI. Conditions applicable to Toddy Licenses.

(1) The exclusive privilege conferred by the license extends to the sale of Date, Palmyra, Cocoanut, Bagani and Dadasal toddy. But in tracts where both Date and Bagani toddy shops exist, the licensee of the Date toddy shop shall not tap Bagani trees and the licensee of the Bagani toddy shop shall not tap Date trees; but both licensees can tap any of the other palm trees named above.

(2) For the supply of toddy to his shops the licensee shall have the privilege of obtaining, subject to tree-tax rules, toddy-yielding trees in the groves assigned to his shops or groups of shops, and he shall be at liberty to manufacture toddy from the trees in private lands under private arrangements between himself and the owners of such lands. If the Deputy Commissioner is satisfied that the said (hiduvali) trees should not be tapped, he is competent to withdraw the tree-tapping license and the licensee affected thereby shall not claim any damages therefor. In the case of trees on Government unoccupied lands included in the date reserve list and reserved for future use, the previous sanction of the Excise Commissioner should be obtained before accepting applications for licensing them. The number of trees shown in the assignment lists is only approximate and is subject to alteration at the time of presenting application for trees. The District Excise Officer may approve all such alterations on the recommendation of the Range Inspectors. The licensee may purchase toddy from any licensed toddy shop-keeper on application to the Inspector, who will grant the required permits on proof of the necessity for the same in the following cases:—

(a) Where there is an unusual demand for toddy in a shop in consequence of a festival or for any other valid reason to be recorded by the Range Inspector.

(b) Where trees have ceased to yield during the last few days of a lease.

(c) Where toddy drawn by one shop-keeper at the end of the lease cannot reach the shop before the first few days of the new lease.

(3) No toddy in excess of the produce of trees licensed for that shop and covered by a transport permit shall be transported to or kept in the shop or offered for sale or sold.

(4) The licensee shall be responsible to Government for all payments of instalments of fees due on account of tree-tapping licenses granted on his application in his own name or in the names of his nominees under the conditions set forth therein and in the rules relating thereto.

(5) If any instalments are not paid within the time, the tapping license shall be liable to be cancelled or suspended under Section 26 of the Excise Regulation. Fresh applications for trees shall not be accepted from licensees until the arrears of tree-tax relating to all their shops are paid up.

(6) In case of default, the Amildar will order the suspension of the tapping license till the arrears are paid up; and if, after receiving notice of such suspension, the defaulter or his agent or employee continues to tap the trees, any or all of them will be punished departmentally or be prosecuted for illicit tapping.

(7) Tree-rent at Re. 0-4-3 per tree shall be paid at the time of application for a tapping license for all Government trees applied for being tapped for the supply of toddy shops whether within or outside the Mysore Territories or in the Civil and Military Station, Bangalore. Railway cess on tree-rent will be levied in addition as stated in the foot notes to General Condition 27 *supra*.

NOTE.—No trees on Government occupied land can be tapped without the consent of the owner. The present arrangements as regards trees in alienated land will hold good, subject of course to the levy by Government of tree-tax.

(8) The tapping of trees is subject to the following conditions;—

(a) Date trees shall be tapped only by professional men.

(b) No date tree shall be tapped oftener than in alternate years or for more than four months in the year.

(c) Trees shall not be over-tapped or over-worked.

(d) In no date trees shall the initial incision be made at any point within four feet from the ground or eighteen inches from the top of any other incision except in places where permission is specially given by the Deputy Commissioner.

(e) The depth and width of the incision shall not exceed one-third of the diameter of the tree, and the length of it shall not exceed eight inches.

(f) The central spike-like clusters shall not be touched. Of the lateral leaves not less than two layers of leaves shall be left, reckoning from the layers immediately next to the central clusters down to the top line of the incision; or in other words, above the top line of the incision not less than eight leaves shall be left excluding the central spike-like clusters on that face of the tree on which the incision is made.

(g) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him or any other trees.

(h) The licensee or his employer will be liable to pay a fine of two rupees for each tree, which may die from over-tapping or careless tapping either during the lease or within six months after its expiration. The fine will be levied on trees found dead at the close of every quarter. He will be liable to pay a similar fine for every tree which he prepares for tapping if it dies in consequence of such preparation before he taps it.

(i) The licensee will not be entitled to compensation for any trees withdrawn or taken up for public purposes or for any trees standing on the banks or beds of irrigation works under the control of the Public Works Department which that department may require to cut down or strip of their leaves or branches.

(j) When the licensee makes default and his shop is re-sold, or otherwise disposed of his rights to and claims on all toddy-yielding trees for the purpose of tapping cease and determine.

(9) The licensee shall not interfere with the persons holding license for cutting date leaves for mat-making, rope-making, basket-making, or for agricultural or other purposes when they make use of the trees assigned for such purposes, and not reserved for tapping.

(10) Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which license will be granted, and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(11) The distillation of spirit from toddy is absolutely prohibited.

(12) If the licensee of a group of shops wishes to transport the toddy intended for his several shops *in one consignment*, he should obtain a depot license and carry the toddy to this depot with the usual permit. The toddy intended for each shop shall be distributed in accordance with the permits granted for transport from the depot to the shop. The permits issued with the toddy transported shall be subject to examination and check by the officer authorised in this behalf.

(13) Tree-foot sales or sales in the open or the disposal of toddy in any other manner unauthorised by the rules, are strictly prohibited.

(14) The licensee or his vandors shall not sell to any person more than three measuring seers of toddy to be consumed by the person at one time in the shop, nor shall it be sold to the public at less than the retail rates fixed by Government and mentioned in the schedule. Toddy can be removed without a permit for consumption up to the limit of one imperial gallon or four seers.

(15) In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tap-man to enable Excise Officers to examine spathes or incisions as the case may be.

(16) The licensee shall pay the usual mohatarfa tax on carts used for conveying toddy but such carts shall not be impressed for Government work.

(17) The following rules shall regulate the issue, etc., of licenses under Section 12 of

the Mysore Excise Regulation, V of 1901, for the tapping of toddy-producing trees and for the drawing of toddy therefrom :—

1. Tree-tapping licenses in the prescribed form shall be issued on the application :—

(a) of licensed toddy shop-keepers or of their duly authorised agents;

(b) of toddy shop-keepers or renters in the Madras Presidency; and

(c) of malnad land-holders free of the prescribed tree-tax for drawing toddy for *bona fide* domestic purposes as per Government Order No. Fl. 7473-83—S. R. 248-12-7, dated 11th June 1917.

(1) The maximum number of trees allowed to be tapped free of tax for *bona fide* domestic consumption such as bread-making, etc., will be as below :—

Coffee Planters ...	... Three ...	... (Annually).
Kanholders ...	... Two ...	... do
Hiduvalidars ...	... One ...	... do

(2) Coffee planters may be allowed to open an estate shop subject to minimum shop rent of Rs. 3 per month.

(3) Kanholders may also be allowed to open shops in their holdings on the same terms, provided that they show to the satisfaction of the Deputy Commissioner that they have a legitimate demand for such shops for the use of their coolies and dependents.

NOTE.—The estate or kan licensee is prohibited from selling toddy outside such estate or kan or to persons who live outside the same.

The licenses may be issued in the name of the applicant himself or of his nominee.

2. Application for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Inspector of the Range concerned through the local Treasury. Forms may be obtained from him or the Assistant Inspectors under him. Applicants must first pay the first instalment of tree-tax together with the tree-rent on Government trees, due on account of the trees which they desire to tap.

3. The tree-tax on toddy produced by trees in the Madras Presidency, but consumed in the Mysore State, will be credited to the Mysore Government. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed challan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a transport permit from the Inspector concerned in the Mysore State, for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules. The British and the Mysore Governments reserve to themselves the right to impose in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore Licensees alike. The arrangements agreed to by the Madras and Mysore Governments with regard to the issue of the licenses for tapping trees in either territory on the application of shop-keepers in the other do not prevent the reservation of trees in any specified area, in the Madras Presidency or in Mysore State, with a view to afford rest thereto or for other sufficient reason and the mere payment of tree-tax into the British or the Mysore Treasury does not entitle an applicant to tapping licenses for trees so reserved.

4. Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked, in token of his consent to the trees being tapped and to holding himself liable for the tree-tax in case the license-holder fails to pay it and such countersignature shall, in the case of illiterate owners, be attested by the patel or shanbhog of the village in which the trees stand. Applications for tree-tapping licenses for trees in the State Forest and plantations should be countersigned by the Forest Range Officer in token of his consent.

5. On receipt of an application, the Inspector will at once take steps for the marking of the tree by an officer superior in rank to a Sub-Inspector or in special cases by an officer not inferior in rank to a Sub-Inspector and for the timely issue of the license and transport permits as detailed in the T. T. Rules. Applicants for date trees shall get the requisite space on their stems prepared and

point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

6. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or spaces for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury concerned.

7. For date trees, tapping licenses and transport permits shall be issued current for four months from the date of marking of the trees subject to the condition that this limit of four months shall not extend to any period beyond the close of the lease. In the case of other palm trees, the period shall be annual. For the convenience of the licensee, the application for tree tapping licenses will be received, trees will be marked and licenses will be issued during the fifteen days previous to 1st July 1919; but pots shall not be attached before the evening of 23rd June.

8. Between sunset and sunrise no toddy shall be drawn or kept by a person holding a license under these rules in the garden or field in which stand the trees which he is licensed to tap. The Excise Commissioner may relax the restriction in any local area on sufficient cause being shown. This will not apply to toddy contained in the pots attached to the spathes of the trees.

9. The following shall be the fees payable on account of each tree for the tapping of which license is applied for :—

Description of trees	*Rates of tree-tax per tree per annum.* Rs.	a.	p.
Date	2	4	0
Cocoanut	6	0	0
Palmyra	2	0	0
Bagani or sago	2	0	0

10. The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct :—

Between 1st July 1919 and 31st March 1920.	One-half	The remaining half

(3) Ganja, Bhang and Majum shall be sold at such prices as may be fixed hereafter and these prices shall be, in addition to Excise duty, at the rate of Rs. 17-8-0, Rs. 3-0-0 and Rs. 1-8-0 per seer, respectively.

(4) The licensee shall pay the above duty and price into a Taluk Treasury and shall obtain a receipt in the prescribed printed form. On production of such receipt

(8) During the closing month of the lease (June) no licensee shall apply for more Ganja than is necessary to meet the legitimate requirements of the remaining days of the lease. Every indent for Ganja in June either to the Central Store House Officer (Distillery Officer, Bangalore) or to a Taluk Treasury shall be sent through the Inspector of the Range concerned, who may, at his discretion, refuse to pass it in full and may pass for supply only such quantity as he considers reasonable.

(9) Shop-keepers are prohibited from breaking up the pressed Ganja kept for sale in their shops except in small quantities not exceeding the average daily sales in their shops. No licensee shall destroy the seeds or any part of his stock of ganja. The seeds if separated from the stock, as well as any part of the stock which the licensee desires to destroy should be carefully preserved for examination and destruction by an Inspecting Officer.

(10) If any ganja license is used as a cloak for illicit sales or if the licensee knowingly sells ganja to a ganja smuggler or if the Deputy Commissioner has reason to suspect that the licensee is guilty of any offence of that nature he may after recording his reasons, forthwith cancel the license and re-sell or otherwise dispose of the privilege at the risk of the licensee. The rent for the whole lease shall become due at once when a license is cancelled under this condition.

XXIII.—Conditions applicable to Opium Licenses.

(2) The smoking or consumption of opium or its preparations in any form in premises licensed for sale and the sale of morphia or preparations for smoking are prohibited.

(3) If this license is used as a cloak for illicit sales or if the licensee knowingly sells opium to an opium smuggler or if the Deputy Commissioner has reason to suspect that the lisensee is guilty of any of these offences, he may, after recording his reasons, forthwith cancel the license and re-sell or otherwise dispose of the privilege at the risk of the licensee. The rent for the whole lease shall become due at once, when a license is cancelled under the condition.

The purchase shall be covered by a permit in the prescribed form. During the closing month of the lease (June) the licensee may not apply for more opium than is necessary to meet legitimate requirements of the remaining days of the lease. Every indent for opium in June will be carefully scrutinized by the Officer in charge of the Taluk Treasury who may at his discretion refuse to comply with it in full and may issue such quantity as he considers reasonable. The Range Inspector may be consulted in the matter.

(6) No opium other than that obtained in the manner specified above shall be sold, received or possessed by shop-keepers. Nor shall any items of food or drink be vended in any retail opium shop.

EXCISE DEPARTMENT.

NOTIFICATION.

NOTICE OF SALE OF EXCISE AND OPIUM PRIVILEGES.

No. R. Dis. 96-18, dated 29th March 1919.

Notice is hereby given that the exclusive privilege of selling liquor, intoxicating drugs and opium in the several shops appointed for the purpose and published in the Schedule during the twelve months beginning 1st July 1919 and ending 30th June 1920, will be put up to public auction by Deputy Commissioners or Revenue Assistant Commissioners or District Officers of the Excise Department or other officers specially authorised by the Deputy Commissioners for the purpose, on the dates and at the Taluk or Sub-Taluk headquarters mentioned in the statement annexed, subject to the conditions hereinafter set forth. If the sales are not completed on the dates fixed, they will be continued on the next following days, close holidays excepted.

Condition of Auction Sale.

II. A deposit must be made by each bidder previous to bidding and will be received *by the selling officer on the day of sale.* A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the case of shops whose average monthly rental is very small, the selling officer may fix such other reasonable amount as he may deem fit.

III. The shops will be put up to auction in the order in which they are notified in the Schedule unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the selling officer. The rentals and the consumption of the previous three years will be notified for the information of bidders.

Note 1.—The privilege of vending toddy in any Coffee Estate or kan may be sold to the Planter or kan-holder for any fixed amount not less than Rs. 36 per shop per annum.

Note 2.—Toddy shops in alienated villages whose claims to the Excise revenue from toddy have been recognized or have not yet been settled shall invariably be sold separately, and the amounts connected therewith shall be shown in the accounts under a distinct head.

IV. Every shop should, as a rule, be sold independently. Grouping should be resorted to only under very exceptional circumstances limiting the number of shops so grouped strictly to the necessity of the occasion.

V. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

VI. No shops will be knocked down in the name of two or more persons unless they represent a duly recognized company or firm by means of a power-of-attorney. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

VII. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that it is too low or that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the Excise Regulation or Opium Act, as to render him undesirable as a holder of a license or on the ground that he is insolvent or in arrears to Government or to prevent arrangements to the detriment of Government interests or for any other valid reason. He may also refuse any bid which he may consider to be purely speculative after recording his reasons for doing so. Village officers will not be allowed to bid for or to have any pecuniary interest in shops for the sale of intoxicants within the limits of their villages.

VIII. The shops will be knocked down to the highest bidder, but the sale will be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid unless revised by the Government on the advice of the Excise Commissioner for special reasons and will be necessary whether the sale be held by the Deputy Commissioner himself or by any officer appointed by him.

IX. In cases of dispute at the time of auction, the selling officer's decision shall be final; and if for any reason the highest bid is rejected, the next highest shall be taken or the shop resold at his discretion.

X. Shops remaining unsold at the first auction shall ordinarily be disposed of by re-auction or by tender or otherwise at the discretion of the Deputy Commissioner later on.

XI. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit* which together with the initial deposit made under condition II, will make up one month's khist for each shop. Should he fail to do so, the deposit made by him under condition II will be forfeited and the shops will be put up again immediately to auction by the selling officer on the above conditions or otherwise disposed of by the Deputy Commissioner, and the defaulter will be debarred from bidding again for the same or for any other shop. In the case of foreigners, the initial deposit together with the further deposit may be raised equal to two months' khist. Successful bidders shall be granted proper receipts for the amount deposited by them.

XII. Persons to whom shops have been knocked down and who have made deposits as provided in conditions II and XI shall leave their address with the selling officer, in order that the confirmation of the sale may be communicated to that address by a notice, and they shall also deposit* such further sum as with the former deposits will make up two months' rent. Such deposit should be paid into Taluk Treasury within seven days from the date of communication of the notice of the Deputy Commissioner's acceptance of the bid by its presentation to themselves or to any adult male member of their family at the place of the said address or by its despatch duly registered by post. They shall then *without unnecessary delay* execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and assigns.

XIII. If, on enquiry subsequent to sale, the purchaser shall be found to be of doubtful solvency or a foreigner having no sufficient property in the Mysore State, he may be required either to deposit twice the sum prescribed in condition XII *supra* or to get a surety, or sureties, residents of and possessing sufficient property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (Article 32 of Schedule I of the Mysore Stamp Regulation, II of 1900) and also registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000.

XIV. As soon as the sales are over, the sale conducting officer shall forward a list of successful bidders with his remarks to the Deputy Commissioner for confirmation of the sales.

XV. On the failure of any person to make deposit under condition XII or to comply with the requisition under condition XIII *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made shall be forfeited and the shop promptly be resold or otherwise disposed of at the discretion of the Deputy Commissioner.

XVI. Re-sales effected under condition XV will be at the risk of the defaulting bidder who will forfeit all gain, and, in the event of loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposits will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with the original sale.

XVII. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below though a formal license may not have been issued to him.

* Deposits may be in cash or other approved security.

XVIII. The deposit referred to in condition XII or condition XIII, as the case may be, will be taken as security for the due performance of the conditions of the license. It will be returned to the licensee after the expiry of the period of his lease and after adjustment from it of any dues payable by him to Government.

The toddy intended for each shop shall be distributed in accordance with the permits granted for transport from the depot to the shop. The permits issued with the toddy transported shall be subject to examination and check by the officer authorised in this behalf.

(13) Tree-foot sales or sales in the open or the disposal of toddy in any other manner unauthorised by the rules, are strictly prohibited.

(14) The licensee or his vandors shall not sell to any person more than three measuring seers of toddy to be consumed by the person at one time in the shop, nor shall it be sold to the public at less than the retail rates fixed by Government and mentioned in the schedule. Toddy can be removed without a permit for consumption up to the limit of one imperial gallon or four seers.

(15) In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tap-man to enable Excise Officers to examine spathes or incisions as the case may be.

(16) The licensee shall pay the usual mohatarfa tax on carts used for conveying toddy but such carts shall not be impressed for Government work.

(17) The following rules shall regulate the issue, etc., of licenses under Section 12 of

the Mysore Excise Regulation, V of 1901, for the tapping of toddy-producing trees and for the drawing of toddy therefrom :—

1. Tree-tapping licenses in the prescribed form shall be issued on the application:—

(a) of licensed toddy shop-keepers or of their duly authorised agents;

(b) of toddy shop-keepers or renters in the Madras Presidency; and

(c) of malnad land-holders free of the prescribed tree-tax for drawing toddy for *bona fide* domestic purposes as per Government Order No. Fl. 7473-83—S. R. 248-12-7, dated 11th June 1917.

(1) The maximum number of trees allowed to be tapped free of tax for *bona fide* domestic consumption such as bread-making, etc., will be as below :—

Coffee Planters	Three	(Annually).
Kanholders	Two	do
Hiduvalidars	One	do

(2) Coffee planters may be allowed to open an estate shop, subject to minimum shop rent of Rs. 3 per month.

(3) Kanholders may also be allowed to open shops in their holdings on the same terms, provided that they show to the satisfaction of the Deputy Commissioner that they have a legitimate demand for such shops for the use of their coolies and dependents.

NOTE.—The estate or kan licensee is prohibited from selling toddy outside such estate or kan or to persons who live outside the same.

The licenses may be issued in the name of the applicant himself or of his nominee.

2. Application for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Inspector of the Range concerned through the local Treasury. Forms may be obtained from him or the Assistant Inspectors under him. Applicants must first pay the first instalment of tree-tax together with the tree-rent on Government trees due on account of the trees which they desire to tap.

3. The tree-tax on toddy produced by trees in the Madras Presidency, but consumed in the Mysore State, will be credited to the Mysore Government. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed challan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules; and will obtain a transport permit from the Inspector concerned in the Mysore State, for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules. The British and the Mysore Governments reserve to themselves the right to impose in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore Licensees alike. The arrangements agreed to by the Madras and Mysore Governments with regard to the issue of the licenses for tapping trees in either territory on the application of shop-keepers in the other do not prevent the reservation of trees in any specified area, in the Madras Presidency or in Mysore State, with a view to afford rest thereto or for other sufficient reason and the mere payment of tree-tax into the British or the Mysore Treasury does not entitle an applicant to tapping licenses for trees so reserved.

4. Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked, in token of his consent to the trees being tapped and to holding himself liable for the tree-tax in case the license-holder fails to pay it and such counter-signature shall, in the case of illiterate owners, be attested by the patel or shanbhog of the village in which the trees stand. Applications for tree-tapping licenses for trees in the State Forest and plantations should be countersigned by the Forest Range Officer in token of his consent.

5. On receipt of an application, the Inspector will at once take steps for the marking of the tree by an officer superior in rank to a Sub-Inspector or in special cases by an officer not inferior in rank to a Sub-Inspector and for the timely issue of the license and transport permits as detailed in the T. T. Rules. Applicants for date trees shall get the requisite space on their stems prepared and

point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

6. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or spaces for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury concerned.

7. For date trees, tapping licenses and transport permits shall be issued current for four months from the date of marking of the trees subject to the condition that this limit of four months shall not extend to any period beyond the close of the lease. In the case of other palm trees, the period shall be annual. For the convenience of the licensee, the application for tree tapping licenses will be received, trees will be marked and licenses will be issued during the fifteen days previous to 1st July 1919; but pots shall not be attached before the evening of 23rd June.

8. Between sunset and sunrise no toddy shall be drawn or kept by a person holding a license under these rules in the garden or field in which stand the trees which he is licensed to tap. The Excise Commissioner may relax the restriction in any local area on sufficient cause being shown. This will not apply to toddy contained in the pots attached to the spathes of the trees.

9. The following shall be the fees payable on account of each tree for the tapping of which license is applied for :—

Description of trees	*Rates of tree-tax per tree per annum.* Rs. a. p.
Date	2 4 0
Cocoanut	6 0 0
Palmyra	2 0 0
Bagani or sago	2 0 0

10. The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct :—

Every indent for Ganja in June either to the Central Store House Officer (Distillery Officer, Bangalore) or to a Taluk Treasury shall be sent through the Inspector of the Range concerned, who may, at his discretion, refuse to pass it in full and may pass for supply only such quantity as he considers reasonable.

No licensee shall destroy the seeds or any part of his stock of ganja. The seeds if separated from the stock, as well as any part of the stock which the licensee desires to destroy should be carefully preserved for examination and destruction by an Inspecting Officer.

(10) If any ganja license is used as a cloak for illicit sales or if the licensee knowingly sells ganja to a ganja smuggler or if the Deputy Commissioner has reason to suspect that the licensee is guilty of any offence of that nature he may after recording his reasons, forthwith cancel the license and re-sell or otherwise dispose of the privilege at the risk of the licensee. The rent for the whole lease shall become due at once when a license is cancelled under this condition.

XXIII.—Conditions applicable to Opium Licenses.

(2) The smoking or consumption of opium or its preparations in any form in premises licensed for sale and the sale of morphia or preparations for smoking are prohibited.

(3) If this license is used as a cloak for illicit sales or if the licensee knowingly sells opium to an opium smuggler or if the Deputy Commissioner has reason to suspect that the lisensee is guilty of any of these offences, he may, after recording his reasons, forthwith cancel the license and re-sell or otherwise dispose of the privilege at the risk of the licensee. The rent for the whole lease shall become due at once, when a license is cancelled under the condition.

The purchase shall be covered by a permit in the prescribed form. During the closing month of the lease (June) the licensee may not apply for more opium than is necessary to meet legitimate requirements of the remaining days of the lease. Every indent for opium in June will be carefully scrutinized by the Officer in charge of the Taluk Treasury who may at his discretion refuse to comply with it in full and may issue such quantity as he considers reasonable. The Range Inspector may be consulted in the matter.

(6) No opium other than that obtained in the manner specified above shall be sold, received or possessed by shop-keepers. Nor shall any items of food or drink be vended in any retail opium shop.

BANGALORE, THURSDAY, APRIL 17, 1919.

PART II.

REVENUE DEPARTMENT.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE.

Memorandum dated 7th April 1919.

In view of the apprehended shortage of food crops and fodder in the State during the current year, the Government have been pleased to sanction the undermentioned arrangements and concessions for the cultivation of quick-growing food and fodder crops:—

(1) Assessed unoccupied lands will be granted to the first applicant on payment of an upset price equal to half the value of the malki on the land, provided that the estimated value of the malki does not exceed five years' assessment on the land, on condition that the land should be cultivated with food crops at the next season after the grant and continued to be so cultivated for five successive years.

(2) All unoccupied assessed lands will be allowed to be given for temporary cultivation for three years irrespective of the period for which they have been out of holding, subject to the conditions prescribed under *Eksal Rules*. On lands so granted, one-half of the assessment for each year should be paid in advance at the beginning of the year and the other half during the usual kist bandi season when the crop on the land will have been harvested. The grantee should not interfere with trees or other valuable appurtenances and should hold himself responsible for any loss or damage caused thereto. The period is terminable at the option of the grantee on timely intimation being given to the Taluk Amildar.

(3) The Deputy Commissioners and Sub-Division Officers are authorised to dispose of lands out of gomal and kharab for temporary cultivation where no objection exists, preference being given to the village community if it undertakes the cultivation. This concession will be subject to the following conditions:—

(*a*) The grant to be for three years.

(*b*) No assessment will be payable during the first year, half the assessment at the rates prevailing for similar lands in the village will be payable during the 2nd year, the full assessment being leviable during the 3rd year.

(*c*) Only food-crops (including such manurial crops as are calculated to render land fitter for food-crops) to be raised on the land.

(*d*) The grantee not to interfere with trees or other valuable appurtenances and hold himself responsible for any loss or damage caused thereto.

(4) Beds of breached tanks which are out of action and which are not likely to be taken up for repair within the next three years will be leased out for temporary cultivation by the Deputy Commissioners and Sub-Division Officers, by public sale, where no valid objection exists.

(5) An area of 124,903 acres of Amrut Mahal kaval lands has been transferred to the Revenue Department for being thrown open for cultivation.

(6) Free supply of water will be allowed to 2,990 acres of land below the Sri Ramadevaru North and South Channels once in ten days for growing irrigated ragi and other quick-growing crops.

(7) The Agricultural Department has been asked by Government to arrange for the purchase of seed grains and their supply to the raiyats.

(8) Raiyats will be permitted to cut and store grass free of cost from the State Forest areas in all localities where scarcity of fodder is apprehended.

EXCISE DEPARTMENT.

NOTIFICATION.

NOTICE OF SALE OF EXCISE AND OPIUM PRIVILEGES.

No. R. Dis. 96-18, dated 29th March 1919.

Notice is hereby given that the exclusive privilege of selling liquor, intoxicating drugs and opium in the several shops appointed for the purpose and published in the Schedule during the twelve months beginning 1st July 1919 and ending 30th June 1920, will be put up to public auction by Deputy Commissioners or Revenue Assistant Commissioners or District Officers of the Excise Department or other officers specially authorised by the Deputy Commissioners for the purpose, on the dates and at the Taluk or Sub-Taluk headquarters mentioned in the statement annexed, subject to the conditions hereinafter set forth. If the sales are not completed on the dates fixed, they will be continued on the next following days, close holidays excepted.

Conditions of Auction Sale.

II. A deposit must be made by each bidder previous to bidding and will be received *by the selling officer on the day of sale.* A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the case of shops whose average monthly rental is very small, the selling officer may fix such other reasonable amount as he may deem fit.

III. The shops will be put up to auction in the order in which they are notified in the Schedule unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the selling officer. The rentals and the consumption of the previous three years will be notified for the information of bidders.

Note 1.—The privilege of vending toddy in any Coffee Estate or kan may be sold to the Planter or kan-holder for any fixed amount not less than Rs. 36 per shop per annum.

Note 2.—Toddy shops in alienated villages whose claims to the Excise revenue from toddy have been recognized or have not yet been settled shall invariably be sold separately, and the amounts connected therewith shall be shown in the accounts under a distinct head.

IV. Every shop should, as a rule, be sold independently. Grouping should be resorted to only under very exceptional circumstances limiting the number of shops so grouped strictly to the necessity of the occasion.

V. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

VI. No shops will be knocked down in the name of two or more persons unless they represent a duly recognized company or firm by means of a power-of-attorney. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

VII. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that it is too low or that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the Excise Regulation or Opium Act, as to render him undesirable as a holder of a license or on the ground that he is insolvent or in arrears to Government or to prevent arrangements to the detriment of Government interests or for any other valid reason. He may also refuse any bid which he may consider to be purely speculative after recording his reasons for doing so. Village officers will not be allowed to bid for or to have any pecuniary interest in shops for the sale of intoxicants within the limits of their villages.

VIII. The shops will be knocked down to the highest bidder, but the sale will be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid unless revised by the Government on the advice of the Excise Commissioner for special reasons and will be necessary whether the sale be held by the Deputy Commissioner himself or by any officer appointed by him.

IX. In cases of dispute at the time of auction, the selling officer's decision shall be final; and if for any reason the highest bid is rejected, the next highest shall be taken or the shop resold at his discretion.

X. Shops remaining unsold at the first auction shall ordinarily be disposed of by re-auction or by tender or otherwise at the discretion of the Deputy Commissioner later on.

XI. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit* which together with the initial deposit made under condition II, will make up one month's khist for each shop. Should he fail to do so, the deposit made by him under condition II will be forfeited and the shops will be put up again immediately to auction by the selling officer on the above conditions or otherwise disposed of by the Deputy Commissioner, and the defaulter will be debarred from bidding again for the same or for any other shop. In the case of foreigners, the initial deposit together with the further deposit may be raised equal to two months' khist. Successful bidders shall be granted proper receipts for the amount deposited by them.

XII. Persons to whom shops have been knocked down and who have made deposits as provided in conditions II and XI shall leave their address with the selling officer, in order that the confirmation of the sale may be communicated to that address by a notice, and they shall also deposit* such further sum as with the former deposits will make up two months' rent. Such deposit should be paid into Taluk Treasury within seven days from the date of communication of the notice of the Deputy Commissioner's acceptance of the bid by its presentation to themselves or to any adult male member of their family at the place of the said address or by its despatch duly registered by post. They shall then *without unnecessary delay* execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and assigns.

XIII. If, on enquiry subsequent to sale, the purchaser shall be found to be of doubtful solvency or a foreigner having no sufficient property in the Mysore State, he may be required either to deposit twice the sum prescribed in condition XII *supra* or to get a surety, or sureties, residents of and possessing sufficient property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (Article 32 of Schedule I of the Mysore Stamp Regulation, II of 1900) and also registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000.

XIV. As soon as the sales are over, the sale conducting officer shall forward a list of successful bidders with his remarks to the Deputy Commissioner for confirmation of the sales.

XV. On the failure of any person to make deposit under condition XII or to comply with the requisition under condition XIII *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made shall be forfeited and the shop promptly be resold or otherwise disposed of at the discretion of the Deputy Commissioner.

XVI. Re-sales effected under condition XV will be at the risk of the defaulting bidder who will forfeit all gain, and, in the event of loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposits will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable, if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with the original sale.

XVII. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below though a formal license may not have been issued to him.

* Deposits may be in cash or other approved security.

XVIII. The deposit referred to in condition XII or condition XIII, as the case may be, will be taken as security for the due performance of the conditions of the license. It will be returned to the licensee after the expiry of the period of his lease and after adjustment from it of any dues payable by him to Government.

XIX. The licenses issued under the above clauses will contain the following general conditions common to all Excise and Opium licenses and the special conditions prescribed below for each particular kind :—

General Conditions applicable to all Excise and Opium Licenses.

1. The manufacturers of arrack and other country spirits as well as the licensees of arrack Bonded Depots are prohibited from holding any interest in the retail vend of arrack or in the vend of other intoxicants and from employing any person who has such interest.

2. The limits within which sales and possession under any Excise or Opium licenses may be carried on will be specified by the Deputy Commissioner at the time of the grant of the license. The sale or possession (except subject to the rules applicable to unlicensed persons) of liquor, intoxicating drugs or opium outside those limits is prohibited except with the special permission of the Deputy Commissioner.

3. Sales under any Excise or Opium license must be conducted in an approved building of which the whole or part must be entirely set aside for use as a depot or shop. If there are means of communications between the depot or shop and an adjoining dwelling house, they must be kept locked at night. In the case of arrack shops in Municipalities or towns having a population of 2,000 and over, the shop premises shall have no doors except into the main street; unless barred and protected, by wire netting, no windows or other openings shall be allowed to the rear or at the ends of the building; there shall be no possible means of ingress or egress in any other direction; the bar at which the sale is held shall be opposite the entrance door and so situated that all persons inside can be seen by any one passing to and fro in the street, and shall not be more than four feet raised from the ground and no second room shall be used for sale, or be kept open for customers. Nor shall a blend of different kinds of liquors be made and sold under the designation of one of them. 8. The opening hour of sale will be 9-30 A.M., in the case of Arrack, Foreign Liquor and Beer shops, and sunrise in the case of other shops and depots, and the closing hour will be 8 P.M., in the case of all depots and shops. Deputy Commissioners are authorized to notify at the time of the auction sales that specified shops will be closed on the occasion of specified festivals and that the hours of sale at specified shops which are situated within a mile of a market or shandy will be limitted on market days generally or that they will be liable to limitation on such occasions by orders issued during the currency of the lease if it is found that the shops promote drunkenness. Special discretion is given to Deputy Commissioners to reduce these hours further in industrial areas by closing the shops on week days from 11-30 A.M. to 1-30 P.M., and on the afternoon of pay days and by directing the shops to keep open on Sundays only between 11-30 A.M. and 4 P.M. In the Cities of Bangalore and Mysore and in the Kolar Gold Fields, sales after 8 P.M. will be allowed in special cases under separate licenses and on payment of such fees as may be prescribed by the Excise Commissioner. Power is reserved to Deputy Commissioners on the report of Police or for other sufficient recorded reasons, to order the closure of any particular shop either in towns or in the country at 7 P.M., if they consider such a course to be advisable in the interests of the public.

9. No drunkenness, disorder or gaming shall be permitted in depots or shops. Entertainments of any kind in depots or shops are also strictly forbidden.

Nor, if the Deputy Commissioner so orders shall any agent be appointed for the management of any such privilege without his previous approval.

17. The licensees shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police Officer. 24. Only such weights and measures as may from time to time be prescribed by the Excise Commissioner shall be possessed or used on any licensed premises. The possession or use of weights or measures that are incorrect on any licensed premises will render the licensee liable to punishment. The Deputy Commissioner may also in his discretion dispose of the privilege in any other manner. Service of notice on the defaulting licensee is dispensed with under this rule. NOTE.—For continuing breaches of a license, continuing fines may be imposed.

34. Any license may be forfeited and the privilege re-sold or otherwise disposed of at the risk of the licensee if the licensee be convicted before a Magistrate of any offence against the *Excise Regulation or Opium Act* or of any offence under the Indian Penal Code, which in the Deputy Commissioner's opinion renders him unfit to hold it. *The purchaser of a privilege is liable to the penalties prescribed in this condition if he is convicted of any such offence as above contemplated after the confirmation of the sale of the privilege to him though before issue of a formal license.* Forfeiture of any license under this clause shall involve forfeiture of the balance of all deposits after payment to Government of all sums due under the lease.

officer authorized by him, to deliver up their licenses for amendment or for the issue of fresh ones.

41. The licensee shall be bound to take over any liquor or drug which may remain in the shop as stock in hand belonging to the outgoing licensee, whether the privilege is purchased at a re-sale or at an original sale, at the time when the privilege is made over to the former, paying the latter such compensation for the same as may be fixed by the Deputy Commissioner. Any liquor or drug that at the time of stock-taking is found to be unfit for human consumption will be destroyed and the out-going contractor is not entitled to any compensation for it.

This privilege is however liable to be withdrawn at any time during the lease and it shall not be open to the licensee to claim any compensation on this account. For this purpose a chellan book prescribed for the year will be granted to each shop-keeper free of cost in the first instance. On production of such receipt, the Bonded Depot-keeper shall issue the quantity of liquor equal to the amount of duty and price shown in the said receipt which will be forwarded to the Deputy Commissioner's office under the endorsement of the Bonded Depot-keeper aforesaid, as to the date and hour when the liquor was issued. Suitable arrangements shall, in this case, be made so that the vendor does not himself become the cleaner of such tumblers. A pail of water shall be kept at some distance from the counter or bar and a separate individual told off for the purpose of washing the vessels used for drinking.

(7) The licensee of every shop in the Cities of Bangalore and Mysore shall pay registration fee at the rate of Rupees (180) one hundred and eighty per annum in advance for the period of the license for his shop and he shall pay a surcharge of (4) four annas per gallon on all arrack sold by him in excess of 55 gallons a month in each such shop.

(8) No rural arrack shops will be permitted to be opened within three miles of Bangalore City and the Civil and Military Station, Bangalore. All existing shops within that zone will be shifted to new sites so as not to infringe this condition.

XXI. Conditions applicable to Toddy Licenses.

(1) The exclusive privilege conferred by the license extends to the sale of Date, Palmyra, Cocoanut, Bagani and Dadasal toddy. But in tracts where both Date and Bagani toddy shops exist, the licensee of the Date toddy shop shall not tap Bagani trees and the licensee of the Bagani toddy shop shall not tap Date trees; but both licensees can tap any of the other palm trees named above.

(2) For the supply of toddy to his shops the licensee shall have the privilege of obtaining, subject to tree-tax rules, toddy-yielding trees in the groves assigned to his shops or groups of shops, and he shall be at liberty to manufacture toddy from the trees in private lands under private arrangements between himself and the owners of such lands. If the Deputy Commissioner is satisfied that the said (hiduvali) trees should not be tapped, he is competent to withdraw the tree tapping license and the licensee affected thereby shall not claim any damages therefor. In the case of trees on Government unoccupied lands included in the date reserve list and reserved for future use, the previous sanction of the Excise Commissioner should be obtained before accepting applications for licensing them. The number of trees shown in the assignment lists is only approximate and is subject to alteration at the time of presenting application for trees. The District Excise Officer may approve all such alterations on the recommendation of the Range Inspectors. The licensee may purchase toddy from any licensed toddy shop-keeper on application to the Inspector, who will grant the required permits on proof of the necessity for the same in the following cases:—

(a) Where there is an unusual demand for toddy in a shop in consequence of a festival or for any other valid reason to be recorded by the Range Inspector.

(b) Where trees have ceased to yield during the last few days of a lease.

(c) Where toddy drawn by one shop-keeper at the end of the lease cannot reach the shop before the first few days of the new lease.

(3) No toddy in excess of the produce of trees licensed for that shop and covered by a transport permit shall be transported to or kept in the shop or offered for sale or sold.

(4) The licensee shall be responsible to Government for all payments of instalments of fees due on account of tree-tapping licenses granted on his application in his own name or in the names of his nominees under the conditions set forth therein and in the rules relating thereto.

(5) If any instalments are not paid within the time, the tapping license shall be liable to be cancelled or suspended under Section 26 of the Excise Regulation. Fresh applications for trees shall not be accepted from licensees until the arrears of tree-tax relating to all their shops are paid up.

(6) In case of default, the Amildar will order the suspension of the tapping license till the arrears are paid up; and if, after receiving notice of such suspension, the defaulter or his agent or employee continues to tap the trees, any or all of them will be punished departmentally or be prosecuted for illicit tapping.

(7) Tree-rent at Re. 0-4-3 per tree shall be paid at the time of application for a tapping license for all Government trees applied for being tapped for the supply of toddy shops whether within or outside the Mysore Territories or in the Civil and Military Station, Bangalore. Railway cess on tree-rent will be levied in addition as stated in the foot notes to General Condition 27 *supra*.

NOTE.—No trees on Government occupied land can be tapped without the consent of the owner. The present arrangements as regards trees in alienated land will hold good, subject of course to the levy by Government of tree-tax.

(8) The tapping of trees is subject to the following conditions ;—

(a) Date trees shall be tapped only by professional men.

(b) No date tree shall be tapped oftener than in alternate years or for more than four months in the year.

(c) Trees shall not be over-tapped or over-worked.

(d) In no date trees shall the initial incision be made at any point within four feet from the ground or eighteen inches from the top of any other incision except in places where permission is specially given by the Deputy Commissioner.

(e) The depth and width of the incision shall not exceed one-third of the diameter of the tree, and the length of it shall not exceed eight inches.

(f) The central spike-like clusters shall not be touched. Of the lateral leaves not less than two layers of leaves shall be left, reckoning from the layers immediately next to the central clusters down to the top line of the incision; or in other words, above the top line of the incision not less than eight leaves shall be left excluding the central spike-like clusters on that face of the tree on which the incision is made.

(g) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him or any other trees.

(h) The licensee or his employer will be liable to pay a fine of two rupees for each tree, which may die from over-tapping or careless tapping either during the lease or within six months after its expiration. The fine will be levied on trees found dead at the close of every quarter. He will be liable to pay a similar fine for every tree which he prepares for tapping if it dies in consequence of such preparation before he taps it.

(i) The licensee will not be entitled to compensation for any trees withdrawn or taken up for public purposes or for any trees standing on the banks or beds of irrigation works under the control of the Public Works Department which that department may require to cut down or strip of their leaves or branches.

(j) When the licensee makes default and his shop is re-sold, or otherwise disposed of his rights to and claims on all toddy-yielding trees for the purpose of tapping cease and determine.

(9) The licensee shall not interfere with the persons holding license for cutting date leaves for mat-making, rope-making, basket-making, or for agricultural or other purposes when they make use of the trees assigned for such purposes, and not reserved for tapping.

(10) Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which license will be granted, and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(11) The distillation of spirit from toddy is absolutely prohibited.

(12) If the licensee of a group of shops wishes to transport the toddy intended for his several shops *in one consignment*, he should obtain a depot license and carry the toddy to this depot with the usual permit. The toddy intended for each shop shall be distributed in accordance with the permits granted for transport from the depot to the shop. The permits issued with the toddy transported shall be subject to examination and check by the officer authorised in this behalf.

(13) Tree-foot sales or sales in the open or the disposal of toddy in any other manner unauthorised by the rules, are strictly prohibited.

(14) The licensee or his vandors shall not sell to any person more than three measuring seers of toddy to be consumed by the person at one time in the shop, nor shall it be sold to the public at less than the retail rates fixed by Government and mentioned in the schedule. Toddy can be removed without a permit for consumption up to the limit of one imperial gallon or four seers.

(15) In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tap-man to enable Excise Officers to examine spathes or incisions as the case may be.

(16) The licensee shall pay the usual mohatarfa tax on carts used for conveying toddy but such carts shall not be impressed for Government work.

(17) The following rules shall regulate the issue, etc., of licenses under Section 12 of

the Mysore Excise Regulation, V of 1901, for the tapping of toddy-producing trees and for the drawing of toddy therefrom:—

1. Tree-tapping licenses in the prescribed form shall be issued on the application:—

(a) of licensed toddy shop-keepers or of their duly authorised agents;

(b) of toddy shop-keepers or renters in the Madras Presidency; and

(c) of malnad land-holders free of the prescribed tree-tax for drawing toddy for *bona fide* domestic purposes as per Government Order No. Fl. 7473-83—S. R. 248-12-7, dated 11th June 1917.

(1) The maximum number of trees, allowed to be tapped free of tax for *bona fide* domestic consumption such as bread-making, etc., will be as below:—

Coffee Planters ...	... Three ...	... (Annually).
Kanholders ...	... Two ...	... do
Hiduvalidars ...	... One ...	... do

(2) Coffee planters may be allowed to open an estate shop subject to minimum shop rent of Rs. 3 per month.

(3) Kanholders may also be allowed to open shops in their holdings on the same terms, provided that they show to the satisfaction of the Deputy Commissioner that they have a legitimate demand for such shops for the use of their coolies and dependents.

NOTE.—The estate or kan licensee is prohibited from selling toddy outside such estate kan or to persons who live outside the same.

The licenses may be issued in the name of the applicant himself or of his nominee.

2. Application for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Inspector of the Range concerned through the local Treasury. Forms may be obtained from him or the Assistant Inspectors under him. Applicants must first pay the first instalment of tree-tax together with the tree-rent on Government trees due on account of the trees which they desire to tap.

3. The tree-tax on toddy produced by trees in the Madras Presidency, but consumed in the Mysore State, will be credited to the Mysore Government. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed challan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules; and will obtain a transport permit from the Inspector concerned in the Mysore State, for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules. The British and the Mysore Governments reserve to themselves the right to impose in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore Licensees alike. The arrangements agreed to by the Madras and Mysore Governments with regard to the issue of the licenses for tapping trees in either territory on the application of shop-keepers in the other do not prevent the reservation of trees in any specified area, in the Madras Presidency or in Mysore State, with a view to afford rest thereto or for other sufficient reason and the mere payment of tree-tax into the British or the Mysore Treasury does not entitle an applicant to tapping licenses for trees so reserved.

4. Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked, in token of his consent to the trees being tapped and to holding himself liable for the tree-tax in case the license-holder fails to pay it and such counter-signature shall, in the case of illiterate owners, be attested by the patel or shanbhog of the village in which the trees stand. Applications for tree-tapping licenses for trees in the State Forest and plantations should be countersigned by the Forest Range Officer in token of his consent.

5. On receipt of an application, the Inspector will at once take steps for the marking of the tree by an officer superior in rank to a Sub-Inspector or in special cases by an officer not inferior in rank to a Sub-Inspector, and for the timely issue of the license and transport permits as detailed in the T. T. Rules. Applicants for date trees shall get the requisite space on their stems prepared and

point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

6. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or spaces for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury concerned.

7. For date trees, tapping licenses and transport permits shall be issued current for four months from the date of marking of the trees subject to the condition that this limit of four months shall not extend to any period beyond the close of the lease. In the case of other palm trees, the period shall be annual. For the convenience of the licensee, the application for tree tapping licenses will be received, trees will be marked and licenses will be issued during the fifteen days previous to 1st July 1919; but pots shall not be attached before the evening of 23rd June.

8. Between sunset and sunrise no toddy shall be drawn or kept by a person holding a license under these rules in the garden or field in which stand the trees which he is licensed to tap. The Excise Commissioner may relax the restriction in any local area on sufficient cause being shown. This will not apply to toddy contained in the pots attached to the spathes of the trees.

9. The following shall be the fees payable on account of each tree for the tapping of which license is applied for :—

Description of trees	*Rates of tree-tax per tree per annum.* Rs.	a.	p.
Date	2	4	0
Cocoanut	6	0	0
Palmyra	2	0	0

10. The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct :—

(1) The privilege conferred extends only to the sales of Ganja, Bhang and other intoxicating drugs prepared from the hemp plant.

(2) Ganja, Bhang or other preparations and admixtures of Ganja, (except halva, which may be made from the powder on the retail vendor's hand, under authority of the Inspector for sale to the public and on the responsibility and at the risk of the vendor), shall be purchased from the Government only, and shall be covered by a permit in the prescribed form.

(3) Ganja, Bhang and Majum shall be sold at such prices as may be fixed hereafter and these prices shall be in addition to Excise duty, at the rate of Rs. 17-8-0, Rs. 3-0-0 and Rs. 1-8-0 per seer, respectively.

(4) The licensee shall pay the above duty and price into a Taluk Treasury and shall obtain a receipt in the prescribed printed form. On production of such receipt

the Taluk Treasury shall issue the quantity of Ganja equal to the amount of duty and price shown in the said receipt, and a permit in the prescribed form of the transport of the same. In the case of Majum, however, the receipt should be produced to the Bonded Depot-keeper who shall issue the quantity of Majum equal to the amount of duty and price shown in the receipt under cover of a pass in the prescribed form.

(5) The licensee shall sell Ganja at not less than Rs. 20 for a seer of 80 tolas or not less than annas four per tola and at not less than Rs. 2-1-4 for a seer of Majum or not less than 5 pies per tola.

(7) The consumption of Ganja in the shop or the selling of the same to persons keeping ganjakhanas or such secret places where people congregate to smoke or partake of Ganja is prohibited.

(8) During the closing month of the lease (June) no licensee shall apply for more Ganja than is necessary to meet the legitimate requirements of the remaining days of the lease. Every indent for Ganja in June either to the Central Store House Officer (Distillery Officer, Bangalore) or to a Taluk Treasury shall be sent through the Inspector of the Range concerned, who may, at his discretion, refuse to pass it in full and may pass for supply only such quantity as he considers reasonable.

(9) Shop-keepers are prohibited from breaking up the pressed Ganja kept for sale in their shops except in small quantities not exceeding the average daily sales in their shops. No licensee shall destroy the seeds or any part of his stock of ganja. The seeds if separated from the stock, as well as any part of the stock which the licensee desires to destroy should be carefully preserved for examination and destruction by an Inspecting Officer.

(10) If any ganja license is used as a cloak for illicit sales or if the licensee knowingly sells ganja to a ganja smuggler or if the Deputy Commissioner has reason to suspect that the licensee is guilty of any offence of that nature he may after recording his reasons, forthwith cancel the license and re-sell or otherwise dispose of the privilege at the risk of the licensee. The rent for the whole lease shall become due at once when a license is cancelled under this condition.

XXIII.—Conditions applicable to Opium Licenses.

(1) The licensee shall be bound by the rules prescribed under the Opium Act now in force, or such other law as may hereafter be enacted in the Notifications of Government and of the Excise Commissioner and any additional general or special rules which may from time to time be notified.

(2) The smoking or consumption of opium or its preparations in any form in premises licensed for sale and the sale of morphia or preparations for smoking are prohibited.

(3) If this license is used as a cloak for illicit sales or if the licensee knowingly sells opium to an opium smuggler or if the Deputy Commissioner has reason to suspect that the lisensee is guilty of any of these offences, he may, after recording his reasons, forthwith cancel the license and re-sell or otherwise dispose of the privilege at the risk of the licensee. The rent for the whole lease shall become due at once, when a license is cancelled under the condition.

(4) Private persons are permitted to manufacture intoxicating drugs and smoking preparations for their own use only, provided they do not exceed the limit for possession.

(5) Shop-keepers shall obtain their supply of opium from any Taluk or District Treasury in entire cakes of twenty or forty tolas (more or less) at a time at the rate of Rs. 50 per seer of 80 tolas. The purchase shall be covered by a permit in the prescribed form. During the closing month of the lease (June) the licensee may not apply for more opium than is necessary to meet legitimate requirements of the remaining days of the lease. Every indent for opium in June will be carefully scrutinized by the Officer in charge of the Taluk Treasury who may at his discretion refuse to comply with it in full and may issue such quantity as he considers reasonable. The Range Inspector may be consulted in the matter.

(6) No opium other than that obtained in the manner specified above shall be sold, received or possessed by shop-keepers. Nor shall any items of food or drink be vended in any retail opium shop.

(7) The privilege conferred extends only (*a*) to the retail sale of opium in ordinary shops and (*b*) to the manufacture and retail sale of intoxicating preparations made from opium or poppy other than morphia or preparations for smoking, in firms or institutions duly sanctioned.

Relief in the matter of payment of Land Revenue on account of failure of monsoons, during 1918-19.

Proceedings of the Government of His Highness the Maharaja of Mysore.

The marginally noted letters from the Revenue Commissioner in Mysore submitting reports, together with statements of cases regarding relief in the matter of the payment of land revenue in the several districts, on account of the failure of the monsoons and consequent inadequate supply of water in the tanks during the year 1918-19.

ORDER No. R. 13579-88—L. R. 375-18-13, DATED 24TH APRIL 1919.

Government have made careful enquiries regarding the outturn of wet and dry crops in the several districts and obtained carefully prepared estimates. In view of the fact, that large areas of wet lands in some districts, particularly Kolar and Tumkur, remained uncultivated, and that in a large portion of the cultivated area, the crops have almost totally failed, Government consider that some relief to the raiyats is called for in the matter of payment of land revenue during the current year, as a matter of special concession, owing to unfavourable change of the season due to failure of the monsoon. They are however of opinion that such concession is required only in cases where the lands have not been cultivated at all, or the crops have totally failed, inasmuch as in the other cases where the raiyats have raised some crops, however small, they have realised very good prices for their crops, the prices of food grains having ruled invariably high throughout the year and showing a tendency to continue to do so for sometime to come.

As regards dry crops, although they have generally been very poor, the abnormal high prices of ragi and horse gram realised by the raiyats do not justify the grant of any concession with regard to this class of lands.

2. The Revenue Commissioner has already been informed in letter No. R. 12639—L. R. 375-18-4, dated 29th March 1919, that no suspension of the collection of revenue is justified anywhere this year.

3. Having regard to the considerations set forth above, the Government are pleased to sanction the grant of remission, in the current year, of half the wet assessment in the case of all wet lands under tanks, which have *not been cultivated* at all or in which the crops have *totally failed*, in the taluks and districts specified in the annexure.

Rules for the grant of travelling allowance to retired officers of Government and non-official gentlemen for journeys to attend Meetings.

Proceedings of the Government of His Highness the Maharaja of Mysore.

ORDER No. FL. 5767-816-S. & A. 83-18-1, DATED 25TH APRIL 1919.

Government have had under consideration for some time past the question of systematising the grant of travelling allowance to retired officers of Government and non-official gentlemen for journeys undertaken to attend meetings of Councils, Committees, Conferences and other bodies constituted under the authority of Government.

2. The existing rules as contained in Articles 548 to 553, Mysore Service Regulations and in Government Order No. 5578-9—Edn. 54-16-25, dated the 22nd January 1917, are to some extent complicated and anomalous.

3. On a careful consideration of all aspects of the case, Government are pleased to pass the following revised rules:—

(1) All official members attending meetings of Councils, Committees, etc., constituted under Government Orders will be entitled to draw travelling allowance as for journeys on tour whether the allowances are paid from the State or other funds.

(2) In respect of members other than official, undertaking journeys for the purpose of attending such meetings no distinction will be made in the matter of travelling allowance between non-officials, who are retired officers of Government and other non-official gentlemen, except in respect of retired Dewans and Councillors, whose rates of travelling allowance will be regulated by special orders. The existing rules and rates applicable to the cases of retired Dewans and Councillors remain unaffected.

(3) As regards all other non-official gentlemen attending any such meetings, the rates will be regulated as follows:—

(a) For attending meetings connected with the bodies included in list A of the annexure to this order—

Railway fare	.... Double 1st Class.
Road mileage	.... 8 annas a mile.
Halting allowance	.... Rs. 7-8-0 a day for each day of sitting.

(b) For attending meetings connected with the bodies included in list B of the annexure to this order—

Railway fare	.... Return 1st Class fare and one 3rd Class fare for servant to and fro.
Road mileage	.... 6 annas a mile.
Halting allowance	.... Rs. 5 for each day of sitting.

(c) For attending meetings connected with the bodies included in list C of the annexure to this order—

Railway fare	.... Double 2nd Class.

Halting allowance	.... Nil.

4. Attendance at Sub-Committees, Select Committees, Special Committees, etc., of the several bodies will be treated as meetings of the bodies themselves for the purpose of this order. Non-official members should be requested to mention

their ordinary places of residence and travelling allowance should always be calculated from and to such place. When a Sunday or other holidays intervene between two consecutive sittings, halting allowance for such days will be allowed.

5. The necessary addenda and corrigenda to the Mysore Service Regulations will issue separately.

Conduct of Public Servants.

Proceedings of the Government of His Highness the Maharaja of Mysore.

ORDER No. 3279-3328—E. A. G. 367, DATED 22ND APRIL 1919.

Instances have come to the notice of Government in which, contrary to the spirit and intention of Rules 19 and 20 of the Rules for the conduct of Public Servants, officers of Government have attended entertainments held in their honour which, having been got up by a large number of persons, can hardly be described as being of a private character, and have further accepted or allowed to be made speeches and addresses of a laudatory character. Government wish it to be understood that officers ought not to allow complimentary speeches, oral or written, to be addressed to them in any form and that subordinate officials while they may attend, ought not to be made to support (by pecuniary or other help) entertainments got up in honour of their superiors.

Present Rules.

Public demonstration in honor of Government servants.

19. A Government servant may not without the previous sanction of Government receive any complimentary or valedictory address, accept any testimonial presented to him, or attend any public meeting or entertainment held in his honor, nor may he take part in any similar acknowledgment of the services of any other Government servant, or of any person who has recently quitted the service of Government.

2. Government Order No. G. 21124-31—P. P. 41-18-18, dated 22nd March 1919, directing the continuance of the scheme for a further period of three months from 4th March 1919.

4. Government Order No. G. 24112-17—P. P. 41-18-22, dated 21st April 1919, sanctioning a further advance of Rs. 20,000 to the Director of Agriculture for the purchase of seed grains for distribution to raiyats and directing that the value of the seed grains distributed should be recouped from takavi loans sanctioned by the revenue authorities.

5. The marginally noted communications from the Director of Agriculture and the Revenue Commissioner on the subject.

D. O. letter dated 22nd April 1919 and letter No. F. C. 287, dated 21st—23rd April 1919, respectively.

ORDER NO. G. 24978-92—P. P. 41-18-26, DATED 5TH MAY 1919.

The Agricultural Committee of the Economic Conference recommend that seed depots should be opened at all Taluk Headquarters and the Revenue Commissioner and the Director of Agriculture consider the same very necessary in view of the great demand for seed grains in many of the districts. Government accordingly direct that in all taluks in which there are Government grain depots, seed depots be opened at once and placed in charge of the Amildar. In the other taluks also the Director of Agriculture is authorised to open seed depots, wherever necessary, in consultation with the Amildars who will be in charge of the same. The necessary quantity of seeds for these depots will be supplied by the Agricultural Department.

2. Regarding the price at which the seed grains should be sold, the Revenue Commissioner and the Director of Agriculture are of opinion that the rates should be slightly higher than those prevailing for food grains in the locality so that the grains may be utilised only for seed purposes. The Director of Agriculture recommends, however, sales on seven months' credit and a concession rate in the case of cash sales. In Government Order dated 21st April 1919, the grant of takavi loans to facilitate the purchase of seed grains has been ordered. Government consider it sufficient now if some concession is shown to raiyats in respect of price and accordingly direct that the price for the seed grain should not exceed the local market rate for the grain as used for consumption. Sales should be limited to *bona fide* cultivators only. Amildars and all other Revenue Officers should be also instructed to dispose of all applications for takavi loans for the purchase of seed grains, as a rule, on the very day of the receipt of application.

3. In order to have reserve stocks of seed grains in case of demand for resowings, etc., the Director of Agriculture and his (Gazetted) Assistants are authorised to test the stocks at the various Government Grain Depots and to mark off such grain as may be found suitable for use as seed. The Food Controller and the Deputy Commissioners of Districts are requested to issue necessary instructions that the grain so selected should not be sold but reserved until the end of August 1919 for supply to the Agricultural Department on requisition.

4. The Special Establishment sanctioned in the Government Order of the 4th December 1918, in connection with this scheme has already been extended till the 4th June 1919. The Director of Agriculture is requested to renew his proposals for its continuance, if necessary, before the end of May 1919, with the detailed report called for in the Government Order of the 22nd March 1919.

Disbursement of grants to aided Village Elementary Schools and Salaries to Teachers of Village Elementary Schools.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Correspondence ending with letter No. Glc./1598, dated the 8th October 1918, from the Inspector-General of Education in Mysore, regarding the disbursement of grants to Aided Village Elementary Schools and salaries to teachers of Village Elementary Schools.

ORDER No. 8529-39—EDN. 33-18-3, DATED 8TH MARCH 1919.

The present system of disbursement of grants on consolidated bills was prescribed by the Comptroller with the sanction of Government in his Circular No. T. A. D. 11—1208, dated 25th April 1917, whereby only one consolidated bill is prepared for the grants payable to all the Village Elementary Schools by the District Inspector of Education and forwarded to the Amildar of the taluk concerned for encashment and disbursement in the same way as the pay of Village Elementary Schoolmasters through the agency of Shekdars. The procedure in both the cases as regards preparation of bills, refund of undisbursed amounts, maintenance of acquittance rolls, etc., is the same and has been laid down in Comptroller's Circular No. 7758—T. A. D. 11—1097, dated 24th April 1916.

The present system entails considerable delay and consequent dissatisfaction among the schoolmasters. It also hampers the discharge of the legitimate duties of Shekdars. Government have received from time to time several suggestions for remedying these evils. Disbursement of the amounts by postal money order, direct payment at the Treasury, payment by Patels out of imprest given to them for the purpose, payment by a special agency of the Education Department are some of the important suggestions.

2. On a careful consideration of all the above suggestions, Government are of opinion that the system of direct payment at the Treasury may be adopted in the case of payment of salaries and grants to teachers of Village Elementary Schools within a distance of 10 miles of the taluk headquarters. In the case of villages beyond this distance, the pay and grants may be remitted by postal money order, the commission being borne by Government until separate special arrangements are made with the postal authorities therefor.

3. Two consolidated bills one for grants to aided institutions and the other for salaries of Village Elementary Schoolmasters will be prepared by the Assistant Inspector of Education for all the Village Schools in each taluk in his charge and forwarded to the Amildar of the taluk concerned for encashment and payment to the schoolmasters in the manners described above. An acquittance roll may be maintained in the Treasuries to note disbursements. Payments may be arranged to be made on or after the 5th of every month. To enable the schoolmasters to receive payment at the Treasury or the Post Office, such of them as are at a distance of over 5 miles from the Treasury or the nearest Post Office may be allowed to close the school for one day. No travelling allowance will be given for journeys made to draw the pay.

4. The Inspector-General of Education is requested to submit detailed proposals indicating the number of schools falling under the two classes mentioned above and approximate expenditure involved in remitting grants and salaries by Postal Money Order.

4. Formal sanction should however be obtained within three months from the date of incurring such additional expenditure. Formation of new taluks.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Government Notification No. R. 7942—L. R. 338-15-9, dated 31st January 1918, regarding the formation of new taluks in place of the existing sub-taluks.

2. Correspondence ending with letter No. C. 2812 of 17-18, dated the 7th May 1918, from the Revenue Commissioner in Mysore on the same subject.

ORDER No. R. 14144-94—L. R. 338-15-71, DATED 6TH MAY 1919.

The question of abolishing the existing sub-taluks and constituting new taluks in their place has been engaging the consideration of Government for some time past. The matter has also been frequently pressed upon Government by the public and the members of the Representative Assembly.

2. After considering the various proposals received from the Deputy Commissioners and the Revenue Commissioner, a draft scheme was published under Notification No. R. 7942—L. R. 338-15-9, dated 31st January 1918, read above, indicating the proposals of Government to constitute into taluks all the existing sub-taluks, except Alur and Kumsi, which were to be abolished and absorbed in the taluks of Hassan and Shimoga, respectively, and also inviting objections and suggestions from the public. The absorption of Alur and Kumsi Sub-Taluks formed the subject of numerous representations from the people of the localities concerned; and, as a result of further consideration, the Deputy Commissioners of the Hassan and the Shimoga Districts as well as the Revenue Commissioner recommend that these two sub-taluks also may be constituted into taluks. This will result in the constitution of 9 new taluks in the place of the existing 9 sub-taluks.

3. Government have further considered the question in the light of the available statistics and also of the representations received from the public in the matter. In this connection it may be noted that the scheme of separation of Judicial and executive functions which has been introduced into two districts, and which is likely to be extended throughout the State will give more time to Amildars to attend to their revenue duties. It is therefore necessary to see that the taluks to be newly created are of sufficient size and importance and do not constitute too light a charge. Roughly speaking, a taluk having an area of 250 square miles a population of 60,000 and revenue of Rs. 1,20,000 may be considered to be the standard of a third class taluk. In the Malnad where the conditions are different this scale may be reduced to some extent.

4. Judged by this test, Government are of opinion that the conversion of the following sub-taluks Closepet, Koratagere, Turuvekere, Harihar into *pucca* taluks, is necessary in the public interests. As regards Kumsi Sub-Taluk Government agree that the absorption of this sub-taluk with Shimoga will make the latter very heavy and accept the recommendation of the Deputy Commissioner that a new taluk should be formed out of the existing sub-taluk with some additions from the neighbouring taluks.

The disposal of the sub-taluks in the districts of Hassan and Kadur was discussed on the spot by the Dewan during his recent tour and the decision arrived at has been embodied in the tour notes. There will be a new taluk at Alur in the Hassan District and two new taluks, Balehonnur and Narasimharajapura in the Kadur District.

Government are of opinion that no case is made out for the formation of new taluks in lieu of the sub-taluks at Gudibanda and French Rocks. The following table gives the details with reference to these two proposed new taluks.

Area	Population	Hoblis	No. of villages	Revenue
Proposed Gudibanda Taluk, 136·00	30,963	3	200	73,978
Proposed French Rocks Taluk, 147·92.	42,215	4	143	62,130

It will be seen that they will be very light charges. Government therefore, consider that the two sub-taluks of Gudibanda and French Rocks should be absorbed with the adjoining taluks. The Revenue Commissioner is requested to send up complete proposals within two months as to how the absorption can best be effected. A notification will thereupon be published inviting objections or suggestions, if any, from the public with regard to these two sub-taluks.

5. The financial effect of this scheme will be a net increase in cost of Rs. 43,332 per annum, as noted in the margin.

Cost of one 3rd class taluk.

	Rs.
I. Sheristedar ..	50
II. Ministerial establishment ..	232½

6. Government direct that this new scheme be brought into force gradually in three years as indicated below and the extra cost on this account be provided for in the budgets of respective years. The scheme will be introduced into the districts in the order noted below.

Measures to popularise and extend Village Panchayets.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Government Order No. G. 12650-710—R. A. 31-18-1, dated 27th December 1918, constituting Special Committees of the Representative Assembly to investigate certain selected subjects of general importance.

2. Letter dated the 16th March 1919, from Mr. B. Srinivasiengar, Jodidar and Convenor, Representative Assembly Select Committee for "Measures to popularise and extend Village Panchayets", submitting a copy of the proceedings of the Committee.

ORDER No. R. 14965-82—L. B. 101-18-2, DATED 21ST MAY 1919.

The recommendations of the Committee are to the following effect:—

(i) Literate Patel or Shanbhog may, for some time to come to be appointed Chairman of the Village Panchayet in villages containing a population of less than 1,000.

(ii) Village Panchayets may be allowed to entertain separate establishments only if their funds permit.

(iii) Village Panchayats may be empowered to exercise judical and quasi-judicial functions.

(iv) Income from fishery, *hulbanni*, amarayi, Excise shop-rent and surcharge fees and a few other items be assigned to the local bodies concerned.

(v) To educate the younger generation in the advantages of the Village Panchayet system, suitable text books may be prescribed in the Village Elementary Schools.

2. As regards the first recommendation, Government desire to point out that under Section 51 (*a*) of the Local Boards and Village Panchayets Regulation, the appointment of Chairman of a Village Panchayet can be made only in special cases, the general rule being that he should be elected. No hard and fast rules need therefore be made regarding the appointment of the Village Patel or Shanbhog as Chairman.

3. The second recommendation is satisfactorily provided for in the rules published under Notification No. 5251—L. B. 6-18-11, dated the 8th October 1918, which make it clear that a Village Panchayet may entertain a separate establishment only if its funds permit.

4. The Government have every sympathy with the proposal to give judicial powers to Panchayets. This however involves legislation. After the existing provisions work for some time, the question will be considered in the light of the experience gained.

5. The question of improving the finances of Village Panchayets raised by the Committee is a general one and has much to recommend it, but proposals from Panchayets based on the recommendations now made will be considered on the merits of each case.

6. Government do not consider it necessary to inculcate the principles of Panchayet management of local affairs through text-books upon the school-going population. The adult population in villages have to learn by experience and through the spirit of self-help

and co-operation how to establish an efficient village administration. The Government are prepared to help and encourage the movement in every possible manner.

(6) Proceedings of and papers read in the Mysore Local Boards and Municipal Conference of 1915.

After discussing the subject at length, it was unanimously resolved that the following measures are necessary to popularise and extend Village Panchayets system and as such they may be recommended to Government for favorable consideration and sanction.

RECOMMENDATIONS.

Constitution.—In the light of the remarks passed by the Burma Local Self-Government Resolution (extract attached),* it is desirable for sometime to come to have literate patels or shanbhogs, where they reside, as Chairman of the Village Panchayets in villages consisting of a population of less than one thousand. In other important villages which have a population of more than one thousand the elective system as proposed in the Local Boards Regulation may be adopted now alone.

Establishment.—In all villages with a population of less than 1,000, no expenditure for separate establishment, etc., except that of stationery need be incurred for the present, the existing Barabaluti agency being utilised for work.

Functions.—Powers to exercise judicial or quasi-judicial functions may in the first instance be given to those Panchayets which has a population of more than 1,000 and, if successful, may be gradually extended to other Village Panchayets. All the other Panchayets and Committees including Muzrai Committees formed in the village may be merged in the Village Panchayets.

Finance.—Under clause (e) of Section 56, Mysore Local Board and Village Panchayets Regulations, the following additional sources of income may be given over to the Panchayets.

(1) Fines and fees levied and recovered in the exercise of the Panchayets' judicial functions.
(2) Income from fishery.
(3) Sale proceeds of *hulbanni* and *amarayi*.
(4) Income from markets, fairs, topes and avenue trees.
(5) Some portion of the income to be derived hereafter from any new mineral resources within the jurisdiction of the Village Panchayets.
(6) As "*Panchbab*" belonged to the respective villages before the Excise Department was separately organised, shop-rents and surcharge fees derived within the limits of local bodies be assigned to the respective local bodies concerned.

Any amount collected either by the villagers as a whole or by a particular community for social or religious purpose should not form part of the Village Panchayet Fund.

* Not printed.

The Village Panchayet Fund may be kept either in the Taluk Savings Bank or in the Co-operative Society of the locality with the approval of the District Board.

General.—To educate the younger generation in the advantages of the Village Panchayet System suitable text-books may be prescribed in the Village Elementary Schools.

Under Rule 40 of the Rules for the conduct of business of the Mysore Legislative Council, the following Report of the Select Committee on the Bill to provide for the inspection and management of Steam-boilers and Prime-movers in Mysore, is published for general information.

Secretary, Mysore Legislative Council.

Report of the Select Committee on the Bill to provide for the inspection and management of Steam-boilers and Prime-movers in Mysore.

We, the members of the Select Committee appointed to consider the above Bill, have the honour to report that the bill was carefully considered by us and that it requires no change except a few alterations of a minor character.

In clause (2) of section 1, we propose the insertion of the words "and from such date" after the words "extend to such place."

In clause (1) of section 18, we propose that the words "or any other place approved by Government" should be inserted after the words "British Colony". The necessity for this addition is obvious.

We have had the benefit of consulting Mr. S. G. Forbes, Chief Electrical Engineer, on the several provisions of the Bill, he having been requested to be present at our meeting.

We recommend that the Bill be passed with the alterations mentioned above and that it need not be published in the Gazette.

Legislative Measures and Rules thereunder.

NOTIFICATIONS.

No. 269—L. C., dated 2nd April 1919.

Under Rule 31 of the Rules for the conduct of business of the Mysore Legislative Council, the accompanying Bill further to amend the Mysore Forest Regulation, 1900, is published for general information with the statement of objects and reasons.

By Order,
P. MAHADEVAYYA,
Secretary, Mysore Legislative Council.

Bill further to amend the Mysore Forest Regulation, 1900.

Whereas it is expedient further to amend the Mysore Forest Regulation, 1900; His Highness the Maharaja is pleased to enact as follows:—

Amendment of section 2 of the Regulation.

1. In sub-section (5) (*a*) of section 2, the words "sandalwood oil" shall be inserted after the words "wood oil."

Amendment of section 75 of the Regulation.

2. For the present section 75 the following shall be substituted;—

75. No person shall manufacture, distil, redistil, refine or sell oil from sandalwood or undertake to manufacture, distil, redistil, refine or sell oil extracted from sandalwood without a license in that behalf to be granted by such authority and subject to such restrictions and conditions as the Government may from time to time prescribe.

STATEMENT OF OBJECTS AND REASONS.

The Mysore Forest Regulation, XI of 1900, as amended by Regulation IX of 1901, contains provisions for controlling the sale, transit, export and import of sandalwood but not of sandalwood oil.

As sandalwood oil is now extracted from sandalwood produced in the State in the factories which Government have established for the purpose, it is necessary to amend the Regulation so as to enable Government to take such action as they may consider expedient in the interests of these commercial concerns. The present Bill is designed to meet the above object.

In Section 12A of the said Regulation, after the words "the discussion of the Annual Budget of the State" the following shall be inserted, namely:—

'and of any matter of general public interest'.

Statement of Objects and Reasons.

The Government have, in their Order No. 10297-321—Legis. 22-18-1, dated the 3rd December 1918, been pleased to confer on the non-official members of the Legislative Council the privilege of moving and discussing resolutions relating to matters of general public interest excluding the Budget, subject to such restrictions and conditions as Government may deem fit to impose in the public interest.

2. With a view to provide for this it is proposed to amend Section 12A of the Legislative Council Regulation as in the draft Bill annexed.

No. 284—L. C., dated 9th April 1919.

Under Rule 31 of the Rules for the conduct of business of the Mysore Legislative Council, the accompanying Bill for the regulation of traffic and the preservation of the surface of public roads and places in Mysore is published for general information with the statement of objects and reasons.

By Order,

A Bill for the Regulation of traffic and the preservation of the surface of public roads and places in Mysore.

Whereas it is expedient to provide for the regulation of traffic and the preservation of the surface of public roads and places in Mysore, His Highness the Maharaja is pleased to enact as follows:—

Short title, extent and commencement.

1. (1) This Regulation may be called the Mysore Highway Regulation.

(2) This section shall extend to the whole of Mysore and shall come into force at once.

(3) The rest of this Regulation shall apply to such local areas and from such dates as Government may by notification direct.

Power to make rules.

2. (1) Government may make rules for the regulation of traffic on public roads and places and for the preservation of the surface of such roads and places.

(2) Without prejudice to the generality of the foregoing power, such rules may contain directions as to all or any of the following matters, namely:—

(*a*) prohibiting or restricting the use of vehicles of any particular class or description considered likely to cause damage or excessive wear to the surface of the roadway or to drop materials or obstructions thereon and in particular, where a berm or side-track is provided confining such vehicles to the berm or side-track during the dry season.

(*b*) prohibiting or restricting the use of vehicles not provided with brakes of such character as may be required by the rules.

(*c*) prohibiting or restricting the use of vehicles or animals which are of such a nature or in such a condition as to be likely to cause annoyance, inconvenience or danger to the public;

(*d*) providing for the granting of licenses to drive vehicles of any particular class or description, the fees chargeable in respect of such licenses and the authority by which and the conditions upon which such licenses may be granted, suspended and revoked;

(*e*) prohibiting the driving of any such vehicles by unlicensed persons;

(*f*) prohibiting the leaving of vehicles or animals unattended or in the charge of incompetent persons;

(*g*) the speed at which vehicles or animals may be driven or ridden;

(*h*) the rules of the road;

(*i*) the registration of vehicles plying for hire, the fees chargeable in respect of such registration and the carrying of number or name plates on vehicles so registered.

(*j*) prohibiting the driving or riding of vehicles or animals on footways or other places where their use may be attended with danger to the public.

(*k*) prohibiting the halting of vehicles or animals at places other than the proper camps or refuges;

(*l*) the carrying and use on vehicles and animals of a bell or other instrument for giving audible and sufficient warning of their approach or position;

(*m*) the carrying of lights on vehicles between sunset and sunrise and the description of lights to be carried and the position in which they should be placed;

(*n*) the stoppage of vehicles or animals when required by the Police for the regulation of traffic or for other reasonable purpose;

(*o*) the maximum weight or the number of passengers to be carried on each description of vehicle or animal;

(*p*) empowering specified officers to issue notices requiring owners or occupiers of land—

(i) to lop the branches of any trees growing on such land and overhanging the road so as to cause obstruction or danger, and

(*q*) imposing on such owners or occupiers of land the duty to comply with such notices within a reasonable time and authorising such officers to lop, cut or trim such trees, hedges and vegetation in a case of default;

(*r*) and generally the prevention of obstruction to traffic and of annoyance, danger or injury to the public.

(3) All rules made under this section shall be made after previous publication and when made shall be finally published in the Gazette and shall come into operation from the date of such final publication.

Penalties.

3. Any breach of any rule made under this Regulation may, on conviction, be punished with fine which may extend to fifty rupees or in the case of a second or subsequent conviction to two hundred rupees.

Arrest of offenders before warrant.

4. (1) Any police officer or any other officer appointed by the Government to exercise this power may, without an order from a Magistrate and without a warrant, arrest any person committing in his view a breach of any rule made under Section 2, if the name and residence of such person be unknown to such officer and cannot be ascertained by him then and there.

(2) When any such arrest has been made the provisions of Section 57 sub-sections (2) and (3) and Sections 60 to 63 of the Code of Criminal Procedure, 1904, shall apply.

Statement of Objects and Reasons.

There is at present no statute empowering Government to control heavy traffic on provincial roads. Consequently the roads with such heavy traffic become cut up very soon rendering other traffic very uncomfortable and sometimes even dangerous. It is therefore intended to introduce into Mysore a regulation on the lines of the Burma Highway Act, 1907, and thereby take power to Government to frame adequate rules to regulate such heavy traffic. The regulation will be applied only to such areas as may be found necessary.

No. 318—*L. C., dated* 22*nd April* 1919.

A meeting of the Mysore Legislative Council will be held in the Public Offices Buildings, Bangalore, at 12 noon on Friday the 9th May 1919.

By Order,

P. MAHADEVAYYA,

Secretary, Mysore Legislative Council.
